### SOLDIERS' COMFORT FUND NEEDS \$12,000 FOR WORK

Wonderful Showing Made in Report of Expenditures of Modest Sum Raised Last Year Should Make Raising of Amount Needed to Carry on the Work An Easy Task.

Last year, up to and including September, the citizens of Ulster County contributed \$8,418.52 to the Ulster County Home Defense Committee. That money has been expended, and the committee has an indebtedness, at the present time, amounting to over \$3,500. They estimate, to pay this indebtedness and to meet the requirements of the work for the balance of this year, that they will require not less than \$12,000. Below is a statement of receipts and disbursements up to date.

Receipts.	
From members of the Home Defense Committee, prior to September, 1917	\$ 950.00
The following contributions in September, 1917:	
City of Kingston	2,983.20
Wawarsing and Rochester	863.15
Shandaken	439.00
Woodstock	250.00
New Paltz	213.10
Esopus	4.00

Contributions to the men from Ulster Co. at Camp Dix in December, 1917, this money being used for utensils and camp comforts not then provided by the U. S. Commissary	100.00
Christmas presents for Ulster County men and transportation on same	92.38
For the relief of soldiers' families	608.13
For expenses attended upon the funeral of soldiers from Ulster Co., who were brought here for burial	205.90
Cigarettes, cigars, fruit, chocolate distributed to soldiers passing through Kingston, by the Committee of the Women's Home Defense of Ulster Co.	380.30
(Of this amount \$345.90 was a special contribution for this special work.)	
To mileage books	100.00
Expense of moving pictures in connection with the Red Cross War Fund Drive and the Liberty Loan Drive	215.70
	\$7,800.97
Balance on hand July 1st	\$ 617.55
Indebtedness, due principally to recent large demand for comfort kits, about \$3,500.	

1908 comfort kits have been completed or ordered and 1,400 comfort kits have already been given out. Comfort kits will be prepared for every man leaving Ulster county this month. In many cases where assistance is given to the families of soldiers, it is made necessary because of the delays in getting the first allowance for the families of the men who go away. After the machinery is set in motion, the allowances come regularly, but in many cases, there is a delay in getting the allowance started.

### OH! WHEN SHALL IT AGAIN WAVE!

"Old Glory" Lays Under Cover, it is Said, When it Should be Floating Over Academy Park—Was Not Raised July 4.

Francis Scott Key, the author of the "Star Spangled Banner," did not look in vain for the sight of the stars and stripes waving over Fort Henry.

Tom Horton, Judge Hasbrouck and others whose domiciles overlook Academy Park HAVE looked in vain for the stars and stripes that are supposed to wave over that beautiful plot of ground.

Irving P. Winne, the care taker, was asked why the flag is not raised on that most. Passengers on Colonial cars have commented on the absence of the flag over that key-stone-shaped breathing spot until the subject and their questioning have become tiresome to conductors.

Mr. Winne's reply to the query was this: "If I had my way the flag would be floating there every day from 8 to 5. But it's not up to me."

"Where is the flag—you have one, haven't you?"

"The city has one," he replied. "It is in Brown's supply store on Clinton avenue. It's a new flag bought since last season. Not quite as large as the old one."

He was told of the comment being made; also that among many innumerable reasons that Dame Gossip gives out was one which proclaimed an opposition to raising the flag by some of the families living on Academy Park.

"That seems absurd to me," Winne replied. "I've never heard of any opposition to raising the flag here. I should like to see it float from that pole. But I have never been delegated any authority to put it there. I am not even the custodian of the flag. I've no right to bring it out of Brown's."

"But you are in charge of this park? And you have a flag?"

"I am in charge but I have nothing to do with the flag. Last year I raised and lowered it. Some one wrote to the Freeman that I left it out in all kinds of weather which was not true."

"At the parade on the Fourth, in which I joined, I thought the flag would be floating from this pole. When I got back after the parade I was surprised to see that it had not been raised."

"Have you not endeavored to find out about it?"

"I asked the mayor about it and he said that the Boy Scouts were going to look after it. But they have not done so. Probably they have been too much engaged. I believe they are away to camp."

"How about the Board of Public Works? Surely they have authority over it, now?"

"Mr. Burgevin came to see me about it. He said to me, 'How many days are you here each week?' I replied, 'I am here four days. I am employed for that time. I come at 8 and leave at 5.'"

### IN THE SERVICE OF OUR COUNTRY

PRIVATE LORENZO BRIZEE.

Company A, 306th Infantry, A. E. F., now somewhere in France. A former resident of Arkville, Delaware county.

Word has been received of the safe arrival overseas of Joseph M. Murray of 31 Livingston street. He is in Field Remount Squadron 305.

John Leventhal, known as "Jack," son of Hyman Leventhal of Wall street, who enlisted in the U. S. Naval Reserves, six weeks ago has been called to service and will be inducted in the Reserves at Pelham Bay Monday. Young Mr. Leventhal has been employed in New York city for over four years, and besides a check for a goodly amount from his employer was presented with a \$25 comfort kit, a fine wrist watch and other useful articles.

### TANKS SUPPORT OUR ATTACKS

By Telegraph to The Freeman.

With the American Army on the Aisne-Marne Front, July 19 (11 a.m.)—Fresh American units were thrown into the great Aisne-Marne battle at dawn today, "leapfrogging" the divisions already on the line and attacking along the entire front.

The Americans under General Mangin have captured 5,000 more German prisoners and the forces under General Degouttes have taken an additional 2,000. (The foregoing figures bring the total number of German prisoners taken by the Americans alone since yesterday to between 10,000 and 11,000.)

British armored motor cars and tanks supported the Franco-American forces when they renewed their assaults this morning. The Chateau de Salsigne highway was reached and passed.

French lancers and dragons pushed on ahead.

During Thursday evening and last night the Germans delivered heavy counter attacks but were beaten off.

French cavalry broke up the German counter assaults that were launched against the Americans attached to General Mangin's army during the evening. Later the Germans employed reserves and delivered a violent counter thrust, the men following behind a thick smoke screen.

The Americans beat off this assault maintaining their positions.

### NO ENDORSEMENT AT SARATOGA

By Telegraph to The Freeman.

Saratoga Springs, N. Y., July 19.—The Republican state convention came to an abrupt end shortly after 1 o'clock, this afternoon. The party platform was adopted without debate. A big demonstration was given for Governor Whitman.

Theodore Roosevelt, as gubernatorial candidate in New York is still in the balance.

With both the supporters of Governor Whitman and those of his opponent, Attorney General Merton E. Lewis, making contrary claims on the former president's candidacy, a dispatch from New York, in which Mr. Roosevelt declined to state definitely his attitude, has not cleared the atmosphere of doubt here.

### Belgians Departed.

By Telegraph to The Freeman.

Amsterdam, July 19.—The German military authorities are again deporting Belgians. Word was received today that the Germans are taking 10,000 from the Ghent district, 500 being carried off daily. There is great distress throughout Belgium over the barbarous treatment of the Germans.

### 100 NAMES ON CASUALTY LISTS

### Two Mile Advance Made in First Hour of Fighting Today --15,000 Prisoners and Many Guns Taken--Franco-Italians Making Powerful Effort on Opposite Side of Same Salient.

The Franco-American counter offensive on the thirty mile front between the Aisne and Marne rivers continues successfully.

The Germans have begun to use their reserves along the western flank of the Aisne-Marne salient, but have been unable to stem the headlong advance of the American and French soldiers.

Many guns have been captured and the number of prisoners in the hands of the allied forces is being increased hourly.

Although the official communique issued by the French war office at noon today, only covered the operations yesterday, unofficial advices from London told of the renewal of the crushing counter drive this morning, when the Franco-American forces advanced two miles in the first hour of fighting.

According to unofficial compilations, the number of German prisoners taken since the beginning of the General Foch's master stroke at dawn yesterday must total nearly 15,000.

With the French and Italians delivering powerful assaults against the German front from the Marne to Rheims—on the eastern wing of the Aisne-Marne salient—the great blow against the Germans is now taking on the form of a double counter offensive.

Important gains were made on both sides of the salient during the past 24 hours and if the allies are able to continue their steady progress, the Germans will find their foothold on the southern bank of the Marne very precarious.

Already the German hold on Soissons and Chateau Thierry has been seriously menaced by the advance of the American and French armies and the chief German lines of communication, supplying the armies holding the tip of the salient are under fire from the allies' artillery.

The achievement of the allied forces in the first day of their onset was most remarkable. In a few hours the American and French had accomplished more than the Germans did in the first three days of the offensive which they began last Monday morning.

Upwards of 200 square miles of territory was retaken from the Germans in ten hours of fighting.

As an indication of the tenacity which the German high command feels over the situation between the Aisne and the Marne came a report today that the Kaiser and Field Marshal Von Hindenburg had left for the Champagne zone of fighting for Soissons to direct the defense of the German line in person.

The details which are filtering through, however, make it certain that it will require more than the presence of the war lords to enable the Germans to stand up before the steam roller rushes of the American doughboys.

Cavalry has been employed in pursuing the retreating Germans, this being one of the few engagements since the early days of the war in which these horsemen could take part.

Every branch of the land fighting forces has been engaged—even to the lancers and cavalry, many tanks and armored motor cars and hundreds of aeroplanes supported the storming columns.

### COLORED FOLKS TO HELP "TREAT FUND"

Mrs. T. B. Mower of 74 Liberty street, and Mrs. D. B. Fitzgerald of No. 47 1/2 Van Buren street, are making a house to house call at the residences of the colored folks of Kingston, seeking contributions of five cents each to help swell the fund to purchase fruit and smokes for the boys who entrain next Thursday. The colored residents of Kingston feel deeply grateful to Alderman Ralph Mann and his father, Barney Mann, for giving the six colored boys fruit when they entrained Thursday. In case the committee of two are unable to cover all the ground, they request that all colored residents not visited leave the five cents at either of their homes. The money secured will be expended to purchase fruit for the boys Thursday.

**LIMITED SERVICE MEN.**  
Board 1 Must Furnish Four Men to Go to Syracuse.  
Local Board 1 has been ordered by the adjutant general to provide four white men qualified for limited service, for entrainment during the five day period beginning July 29, to the Syracuse recruiting camp, Syracuse, N. Y. These men will be assigned to guard and fire companies for ports of embarkation. The bulletin says that these men should be selected with a view to suitability for the work. They should be able to read and write English. The names of the men to be sent by Board 1 in response to this call will be announced later.

**A Bottle Apiece?**  
By Telegraph to The Freeman.

Paris, July 19.—In order to show their appreciation of General Gouraud's defence of Rheims, the authorities have donated 50,000 bottles of champagne to the troops of General Gouraud's army.

General Gouraud is in command of the French American forces in the Champagne district.

"Mr. Burgevin came to see me about it. He said to me, 'How many days are you here each week?' I replied, 'I am here four days.' I am employed for that time. I come at 8 and leave at 5."

"Well," he replied, "you'll have to come around those other days in the week to put up the flag and take it in." Then when we separated he said he would see about it. Of course I can't be expected to work the time. I am not paid for. Would you? Although that part of it can be amicably adjusted if I were to get orders to put up the flag."

It was suggested there might have been an oversight somewhere and the flag overlooked. He made no reply. He repeated that he was not holding off to get pay although he thought he ought to. But he couldn't act without orders.

He had been sharply criticized, he knew that. But much that had been said was untrue. It had even been said that he was asked by the Boy Scouts why the flag was not raised; and that he refused them the privilege of raising it.

"How could I refuse anyone that privilege when the flag is not in my custody and I have nothing to do with it," he exclaimed.

The park has within a few days come into the hands of the board of public works. And hundreds who pass Academy Park have wondered why the flag was not at mast head. I. P. Winne is a veteran of the Civil War.

**TRIMMING THE TREES.**  
Greatly Improved Appearance in Academy Park.

Treatment of affected trees, the cutting out of dead limbs, and the trimming of the foliage in Academy Park by Messrs. Downing and Burmans, is making a great improvement of that plot. Three large maples had to be cut down. But in cutting these experts are also conserving for the foliage had become massed so that not only were limbs and branches dying but the growth of the trees was becoming stunted. A car load of cuttings has been taken away.

PRIVATE LORENZO BRIZEZ.

Company A, 306th Infantry, A. E. F., now somewhere in France. A former resident of Arkville, Delaware county.

Word has been received of the safe arrival overseas of Joseph M. Murray of 21 Livingston street. He is in Field Remount Squadron 305.

John Leventhal, known as "Jack," son of Hyman Leventhal of Wall street, who enlisted in the U. S. Naval Reserves, six weeks ago has been called to service and will be inducted in the Reserves at Pelham Bay Monday. Young Mr. Leventhal has been employed in New York City for over four years, and besides a check for a goodly amount from his employer was presented with a \$25 comfort kit, a fine wrist watch and other useful articles.

By Telegram to The Freeman.

With the American Army on the Aisne-Marne Front, July 19 (11 a.m.)—Fresh American units were thrown into the great Aisne-Marne battle at dawn today. "Leapfrogging" the divisions already on the line and attacking along the entire front.

The Americans under General Mangin have captured 5,000 more German prisoners and the forces under General Degouties have taken an additional 2,000. (The foregoing figures bring the total number of German prisoners taken by the Americans since yesterday to between 10,000 and 11,000.)

British armored motor cars and tanks supported the Franco-American forces when they renewed their assaults this morning. The Chateau de Soissons highway was reached and passed.

French lancers and dragons pushed ahead.

During Thursday evening and last night the Germans delivered heavy counter attacks but were beaten off each cavalry broke up the German counter assaults that were launched against the Americans attached to General Mangin's army during the evening. Later the Germans employed reserves and delivered a violent counter thrust, the men following behind a thick smoke screen.

The Americans beat off this assault maintaining their positions.

Saratoga Springs, N. Y., July 19.—The Republican state convention came to an abrupt end shortly after 1 o'clock, this afternoon. The party platform was adopted without debate. A big demonstration was given for Governor Whitman.

Theodore Roosevelt, as gubernatorial candidate in New York is still in the balance.

With both the supporters of Governor Whitman and those of his opponent, Attorney General Merton E. Lewis, making contrary claims on the former president's candidacy, a dispatch from New York, in which Mr. Roosevelt declined to state definitely his attitude, has not cleared the atmosphere of doubt here.

## Two Mile Advance Made in First Hour of Fighting Today --15,000 Prisoners and Many Guns Taken--Franco-Italians Making Powerful Effort on Opposite Side of Same Salient.

The Franco-American counter offensive on the thirty mile front between the Aisne and Marne rivers continues successfully.

The Germans have begun to use their reserves along the western flank of the Aisne-Marne salient, but have been unable to stem the headlong advance of the American and French soldiers.

Many guns have been captured and the number of prisoners in the hands of the allied forces is being increased hourly.

Although the official communique issued by the French war office at noon today, only covered the operations yesterday, unofficial advices from London told of the renewal of the crushing counter drive this morning, when the Franco-American forces advanced two miles in the first hour of fighting.

According to unofficial compilations, the number of German prisoners taken since the beginning of the General Foch's master stroke at dawn yesterday must total nearly 15,000.

With the French and Italians delivering powerful assaults against the German front from the Marne to Rheims—on the eastern wing of the Aisne-Marne salient—the great blow against the Germans is now taking on the form of a double counter offensive.

Important gains were made on both sides of the salient during the past 24 hours and if the allies are able to continue their steady progress, the Germans will find their foothold on the southern bank of the Marne very precarious.

Already the German hold on Soissons and Chateau Thierry has been seriously menaced by the advance of the American and French armies and the chief German lines of communication, supplying the armies holding the tip of the salient are under fire from the allies' artillery.

The achievement of the allied forces in the first day of their onset was most remarkable. In a few hours the American and French had accomplished more than the Germans did in the first three days of the offensive which they began last Monday morning.

Upwards of 200 square miles of territory was retaken from the Germans in ten hours of fighting.

As an indication of the tenacity which the German high command feels over the situation between the Aisne and the Marne came a report today that the Kaiser and Field Marshal Von Hindenburg had left for the Champagne zone of fighting for Soissons to direct the defense of the German line in person.

The details which are filtering through, however, make it certain that it will require more than the presence of the war lords to enable the Germans to stand up before the steam roller rushes of the American doughboys.

Cavalry has been employed in pursuing the retreating Germans, this being one of the few engagements since the early days of the war in which these horsemen could take part.

Every branch of the land fighting forces has been engaged—even to the lancers and cavalry, many tanks and armored motor cars and hundreds of aeroplanes supported the storming columns.

**COLORED FOLKS TO HELP "TREAT FUND"**

Mrs. T. B. Mower of 74 Liberty street, and Mrs. D. B. Fitzgerald of No. 47 1/2 Van Buren street, are making a house to house call at the residences of the colored folks of Kingston, seeking contributions of five cents each to help swell the fund to purchase fruit and smokes for the boys who entrain next Thursday. The colored residents of Kingston feel deeply grateful to Alderman Ralph Mann and his father, Barney Mann, for giving the six colored boys fruit when they entrained Thursday. In case the committee of two are unable to cover all the ground, they request that all colored residents not visited leave the five cents at either of their homes. The money secured will be expended to purchase fruit for the boys Thursday.

**LINER CARPATHIA HAS BEEN SUNK**

By Telegram to The Freeman.

London, July 19.—The liner Carpathia has been torpedoed while outward bound, the International News Service learned on good authority this afternoon. The crew has been landed it was stated.

Later advices said 230 members of the crew and passengers were landed at another port.

The Carpathia displaced 15,600 tons, was owned by the Cunard line and hailed from Liverpool. She was 540 feet long and 64 feet in the beam and flew the British flag. It is believed she was in Admiralty service when sunk.

It was the Carpathia that picked up the survivors from the ill-fated Titanic when the giant greyhound of the sea struck an iceberg in the north Atlantic and was sunk on her maiden voyage from England to New York.

The Carpathia put into New York with her human burden, bringing with her one of the most tragic tales of the sea.

**LIMITED SERVICE MEN.**  
Board 1 Must Furnish Four Men to Go to Syracuse.

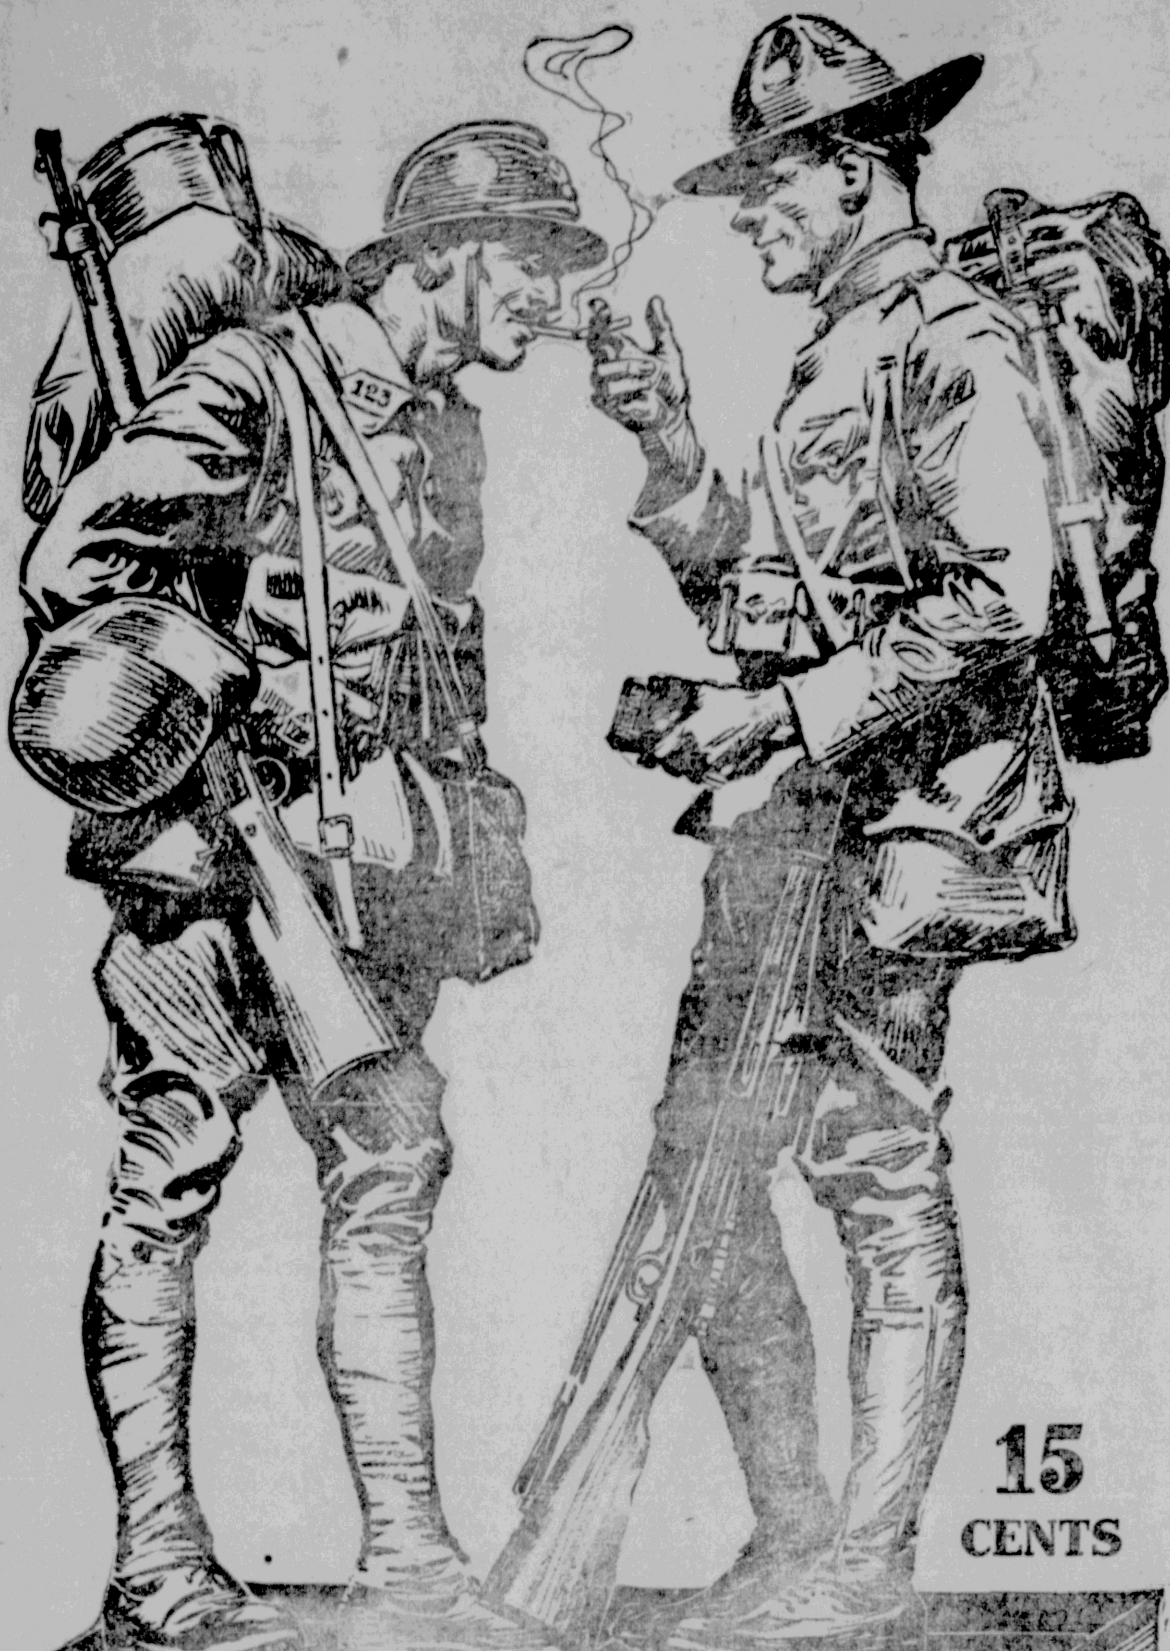

Local Board 1 has been ordered by the adjutant general to provide four white men qualified for limited service, for entrainment during the five day period beginning July 29, to the Syracuse recruiting camp, Syracuse, N. Y. These men will be assigned to guard and fire companies for ports of embarkation. The bulletin says that these men should be selected with a view to capability for the work. They should be able to read and write English. The names of the men to be sent by Board 1 in response to this call will be announced later.

**The Parson's Reproof.**  
"Ordinarily I should hesitate to criticize one of my flock," said Parson Brown from the pulpit, as he glared reprovingly at the 400-pound member in the front pew, who had suddenly awakened from his little nap with a snort. ## WOMEN'S H. D. AT ULSTER PARK

Ulster Park, July 19.—A meeting of the Women's Home Defense was held at the home of Mr. and Mrs. H. N. Winfield on Wednesday afternoon. Notwithstanding the threatening weather about thirty-five ladies were present. After singing "America," the hostess, Mrs. Winfield, introduced Mrs. F. J. Higginson, Mrs. Charles H. Hall, and Mrs. W. N. Fessenden, all of Kingston.

Mrs. Higginson explained in detail what the Women's Home Defense is. She said it was an organization to which all women belonged by virtue of their loyalty to our country and believe in the righteousness of the cause for which we are at war; viz, to make America a safe place to live in for ourselves, our children and our children's children. Therefore the women at home must do all within their power to help win the war. They are as truly a part of the American army as the brave boys who are on the firing line.

Mrs. Hall said that the Women's Home Defense does not try to do the work of any other organization. It endeavors to systematize the tremendous power and influence of all the women of the nation so as to cooperate with and aid all the other organizations, the Red Cross, the food, and fuel conservation, Child Welfare, etc. To that end it seeks to reach every family to the remotest part of the country districts by having captains and committees in every city, town, village and hamlet throughout the state.

Mrs. Fessenden in a very clear and concise speech summed up and emphasized what had been said by the former speakers and added some practical suggestions.

The addresses were very informing and were received with marked approval by everyone present.

The informal conversation after the speeches developed the fact that the women of Ulster Park are no slackers, but have been up and doing for the past six months in just the kind of work to which the Home Defense is devoted and are ready to respond to any call of duty that may come to them.

OUR DAILY PATTERN.

2322—A Good School Dress.

Blue or brown serge with trimmings, in white or self color, would be very nice for this style. The pockets could be omitted. The dress is a one-piece model, with the fullness confined at the waistline, by a belt. The fronts are rolled low at the throat. The sleeve may be finished in wrist or elbow length.

The pattern is cut in 4 sizes: 8, 10, 12 and 14 years. Size 12 requires 3 1/2 yards of 44-inch material.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

### Jersey Improvement Ass'n.

A meeting of the executive committee of the Jersey Improvement Association of Delaware county was recently held and it was decided to offer \$15 in prizes to boys and girls under 19 years of age at stock judging contest to be held Thursday afternoon, September 12, at the Delhi Fair. The contest will be under the auspices of the State School of Agriculture. Mr. Vaughn of the Animal Husbandry Department will give stock judging demonstrations throughout the county upon request during the summer for the purpose of coaching candidates for the contest. The association also arranged for a sale of Jersey animals at the fair. Particulars regarding the sale may be secured from President Harper of Harpersfield or Director DuBois of the Delhi State School of Agriculture. Jersey cattle breeders are asked to co-operate in making an exhibit of cattle to compete for the \$150 offered in prizes at the fair for the best herd of Jerseys. The annual picnic of the association will be held the third week of August at the State School of Agriculture. Professor Savage of the State College will be the speaker. Prize ribbons will be given to the boys and girls at the picnic showing Jersey calves owned by them.

## NO MORE NEWS OF WESTOVER

By Telegraph to The Freeman.  
Washington, July 19.—The navy today was without any additional facts regarding the sinking of the supply ship Westover, torpedoed by a submarine in the war zone on July 11. It is now believed that the ten officers and men reported by Admiral Sims as missing, were killed by the explosion of the torpedo. The Westover was of 4,270 tons net burden and was loaded with army supplies when sunk. She was formerly in the Pacific coast trade.

### Kelly in Movies.

The moving picture people who are photographing the old Clermont lighthouse at Kingston Point wanted the picture to show steam coming from the steam pipe and as there was no fire on the boat they had to arrange or temporary display. So Tom Kelly, the veteran plumber of the Canfield Supply Company, was called into the scene, and he with a steam hose used for thawing out pipes in the winter time produced the necessary steam and the picture was a great success.

London, July 19.—More than 200 square miles of territory were captured by the French and Americans in the first day of their big counter offensive against the Germans on the Aisne Marne front.

The Germans are throwing in reserves behind the Aisne river in a frantic effort to block the Franco-American drive.

The Allied assault took the Germans completely by surprise and was carried out in a violent rainstorm, which acted as a screen, masking the Allied troop movements from the German observers.

## SELECTIVE CALL FOR AUG. 1-15

By Telegraph to The Freeman.  
Washington, July 19.—Provost Marshal General Crowder today issued a call for 2,802 white men and 600 colored men, to train as mechanics, auto drivers and other trades, beginning August 1 and August 15.

### "DON'TS" FOR CHAUFFEURS.

Intending chauffeurs Examination Here July 31.

Albany, July 19.—Four pertinent "don'ts" in connection with state examinations for chauffeurs are suggested by Secretary of State Hugo. In the first place chauffeurs must not operate a car with the permit which is sent them and which is intended only for admission to the examination. In the second place those who are intending to take the examination should not wait until the last minute before filing their application, photographs and fee. At least four days leeway should be given.

Mr. Hugo also cautions persons taking the examination not to request of the examiner permission to run their car as a full fledged chauffeur until after they receive their badge and certificate. State examiners are strictly forbidden to grant any such request.

There is another thing which Mr. Hugo desires all intending chauffeurs to remember and that is to be absolutely sure that all questions on the application blanks have been answered and that photographs and the required fee be enclosed with the application, otherwise the application will be returned and the person will be subjected to delay.

There will be an examination for chauffeurs at Kingston at the city hall on July 31 at 12 o'clock. Edward J. Murphy, connected with Mr. Hugo's office in Albany, will be in charge of both the road test and the written examination which follows.

### Busy Canteen Committee.

Last Saturday the Cornwall Canteen Committee had a record breaking day attending to the wants of the soldiers who passed through that place on the West Shore railroad. Twelve trains with about 11,000 soldiers aboard were served. The committee gave the soldiers 14,000 cigarettes, 6,000 post cards and served four hundred gallons of coffee. Their good work was greatly appreciated by the soldiers most of whom were from the Pacific Coast. The ladies of the committee worked all day with untiring effort and did not stop until late at night.

### Remember Our Boys.

Local tobacco and fruit merchants should respond liberally to the call for "treats" for our boys who leave July 25 for Camp Dix. The fruit and "smokes" will be appreciated and will be one way in which we can give a slight token of our appreciation of the sacrifice that our boys are making for us.

### Dobbs Ferry New Fire Alarm.

Dobbs Ferry has had to install a new fire alarm because the Manilla Anchor Brewery Co. has closed down and the whistle of the brewery was used as a fire alarm. A large iron ring has been installed and will be beaten with a sledge hammer to call out the department.

### Our Population Increases.

Mr. and Mrs. Andrew Schrader are receiving congratulations over the arrival of a daughter. Mrs. Schrader before marriage was Miss Florence Johnston.

A daughter has arrived at the home of Mr. and Mrs. Charles Donneruma at No. 89 Chambers street.

### Dance Saturday.

July 20, Saturday evening, a big dance will be enjoyed by the young people of the parish of the Immaculate Conception, at the school hall, Delaware avenue. Prof. Schwalbach with his orchestra will play for dancing.

### Best Ever Butter Company.

Charlotte D. Kent has filed a certificate in the county clerk's office to conduct business under the name of the "Best Ever Butter Company" at 56 Crane street, Kingston, N. Y.

### BUSINESS NOTICES

To the Officers and Members of Ron-dout Lodge, No. 343, F. & A. M. Brethren:

You are fraternally requested to attend a special communication to be held Monday evening, July 22d, at 7 o'clock for the purpose of conferring the second and third degrees on a brother who has been called for service and expects to leave town next week.

Fraternally yours,  
JOHN R. GILLETTE, Master.  
M. BURGER, Secretary.

## USE MADE OF FOOD CARTONS

Oatmeal Containers Easily Trans-formed into Attractive Scrap Baskets for the Table.

"Why in the world are you Hoovering all these oatmeal cartons? I always burn mine," said the visitor in astonishment as her friend opened a cupboard and disclosed a shelf filled with a collection of oatmeal cartons, the round kind.

"I will show you," said her friend, leading the way into the living room and taking an object from the table. "What do you think of that? I call it a table scrap basket."

"A table scrap basket!" exclaimed the visitor. "What could be more useful and what could be prettier?"

"You know," explained her friend, "I always save the odd lengths of wall paper left over. There is a box full in the storeroom. One of these pieces of wall paper is of a wonderful blue, the kind with green in it, a mat tint. I took a carton, cut and fitted the blue paper to it and pasted it on. Then there was another end of wall paper left over from the dining room frieze. It was a French paper showing a riot of gaily colored birds in a jungle of leaves and flowers. From this paper a rich blue parakeet, balancing on a red stem, was cut and pasted on the darker blue background, taking care to paste it over the seam where the paper on the carton is joined together.

"Then the edges, top and bottom, were bound with furniture guilpe which matches the blue paper. For handles I took two large rings such as are used for curtain pulls, covered them with buttonhole stitching in black and hung them on either side of the carton, forming little drop handles. The bottom and inside of the carton were dyed a deep red, harmonizing with the touches of red in the parakeet. Other cartons were covered with a light yellow paper and mounted with brown and yellow birds with guilpe to match and black handles.

"My table scrap baskets, I find, make useful and much-appreciated gifts. And that is why I am Hoovering the oatmeal cartons."

## SAND PILE KEEPS TOTS BUSY

Affords One of the Greatest Amusement for Youngsters—Can Model Clay Designs.

What else is there with which little children's hands can be kept more satisfactorily occupied than sand? Just turn the children loose in a pile or table of sand, with a spoon, a pail, a cup or anything with which they can dig or shovel.

You do not like sand in the house? If you have a suitable place for it, it need not make any trouble. An old kitchen table turned upside down, with the legs cut short and put on the other side, makes a good table for sand. A piece of burlap or denim placed under the table keeps the sand from being scattered over the house.

With clay, a simple little cradle may be made. The child first rolls a piece into a ball, cuts it in half with a string. One of these halves forms the lower part of the cradle. The other he cuts in two, using one piece for the top and remodeling the other into a "ball for baby."

Birds' nests with eggs can be made with clay; also apples, oranges, cups and saucers, and even animals may be attempted.

## VOILE AND ORGANDIE FROCK

Of the many varieties in summer frocks this of voile stands out as a pleasing and attractive dress. The frilled organdie breaks the long skirt line, and is used for collars, cuffs and belt.

### Revolving Tray.

The revolving breakfast tray is a comfort which American women would do well to borrow from their English cousins. It makes it possible to do with less service.

### Intelligent Inserts.

The arts of weaving and rope and netmaking are practiced by some of the lower forms of life, notably among caterpillars and spiders. The weaver birds of Africa and India, which are a species of finch, construct wonderful nests out of leaves by sewing them together.

**Costly Law Proceedings.**  
The folly of rushing to the law to settle every little dispute is demonstrated by an action between two petters for a sum of £2. After being in court for 11 years. It was put an end to by being referred to arbitrators, who decided in favor of the defendant. In the case, and ordered the plaintiff to pay all the costs incurred in the proceedings, which were assessed at £1,000.—London Tit-Bits.

Willard.

**The Parson's Reproof.**  
"Ordinarily I should hesitate to criticize one of my flock," said Parson Brown from the pulpit, as he glared reprovingly at the 400-pound member in the front pew, who had suddenly awakened from his little nap with a snort. "But, in the language of the father in the beautiful parable of the prodigal son, I feel like saying, 'Bring hither the fatted calf and kill it!'"

## WOMEN'S H. D. AT ULSTER PARK

Ulster Park, July 19.—A meeting of the Woman's Home Defense was held at the home of Mr. and Mrs. H. N. Winfield on Wednesday afternoon. Notwithstanding the threatening weather about thirty-five ladies were present. After singing "America," the hostess, Mrs. Winfield, introduced Mrs. F. J. Higginson, Mrs. Charles H. Hall, and Mrs. W. N. Pessenden, all of Kingston.

Mrs. Higginson explained in detail what the Women's Home Defense is. She said it was an organization to which all women belonged by virtue of their loyalty to our country and believe in the righteousness of the cause for which we are at war: viz., to make America a safe place to live in for ourselves, our children and our children's children. Therefore the women at home must do all within their power to help win the war. They are as truly a part of the American army as the brave boys who are on the firing line.

Mrs. Hall said that the Women's Home Defense does not try to do the work of any other organization. It endeavors to systematize the tremendous power and influence of all the women of the nation so as to cooperate with and aid all the other organizations, the Red Cross, the food, and fuel conservation, Child Welfare, etc. To that end it seeks to reach every family to the remotest part of the country districts by having captains and committees in every city, town, village and hamlet throughout the state.

Mrs. Pessenden in a very clear and concise speech summed up and emphasized what had been said by the former speakers and added some practical suggestions.

The addresses were very informing and were received with marked approval by everyone present.

The informal conversation after the speeches developed the fact that the women of Ulster Park are no slackers, but have been up and doing for the past six months in just the kind of work to which the Home Defense is devoted and are ready to respond to any call of duty that may come to them.

OUR DAILY PATTERN.

2322—A Good School Dress.

Blue or brown serge with trimmings, in white or self color, would be very nice for this style. The pockets could be omitted. The dress is a one-piece model, with the fullness confined at the waistline, by a belt. The fronts are rolled low at the throat. The sleeve may be finished in wrist or elbow length.

The pattern is cut in 4 sizes: 8, 10, 12 and 14 years. Size 12 requires 3 1/2 yards of 44-inch material.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

**Jersey Improvement Ass'n.**

A meeting of the executive committee of the Jersey Improvement Association of Delaware county was recently held and it was decided to offer \$15 in prizes to boys and girls under 19 years of age at stock judging contest to be held Thursday afternoon, September 12, at the Delhi Fair. The contest will be under the auspices of the State School of Agriculture. Mr. Vaughn of the Animal Husbandry Department will give stock judging demonstrations throughout the county upon request during the summer for the purpose of coaching candidates for the contest. The association also arranged for a sale of Jersey animals at the fair. Particulars regarding the sale may be secured from President Harper of Harpersfield or Director DuBois of the Delhi State School of Agriculture. Jersey cattle breeders are asked to co-operate in making an exhibit of cattle to compete for the \$150 offered in prizes at the fair for the best herd of Jerseys. The annual picnic of the association will be held the third week of August at the State School of Agriculture. Professor Savage of the State College will be the speaker. Prize ribbons will be given to the boys and girls at the picnic showing Jersey calves owned by them.

KINGSTON, N. Y., JULY 19, 1918.

The statement by the Ulster County Home Defense Committee in another column of The Freeman today is of interest to every patriotic citizen of the county and will give great satisfaction. It shows that a very moderate sum of money has been wisely expended in a variety of ways for the comfort of the soldiers from Ulster County and in furthering various special efforts on the part of the county for the winning of the war. Those who have received or read the letters that have been written by Ulster County soldiers in the various camps in this country and in France know something of the vast amount of good that has been done with this money, which has been spent, not in duplicating but in supplementing, the work of the great national organizations. There has been a personal, home touch to this work that no national organization could give. The fact that Ulster County folks were doing something special for Ulster County soldiers has given our boys a pride in the old home county that has gone far toward keeping them cheerful. They have had tangible proof that we were keeping the home fires burning, by having some of the warmth transmitted to them. With nearly 500 men leaving for camp this month and future increments to be provided for, in addition to the daily volunteers, money is needed without delay. Wonders were done with the modest sum provided nearly a year ago and there should be no hesitancy in providing, without delay and without further soliciting, the sum asked by the committee. This fund appeals especially to the friends and relatives of the men in the service or who expect to enter it and they should take pride in seeing that the money is raised quickly.

## LIBERIA'S CENTENNIAL.

This may be called the centennial year of the negro republic of Liberia because that section of West Africa was chosen in 1818 as a suitable spot whereon to plan the colony, although it was not until 1821 that the second attempt to ship and found a colony succeeded. The colonization scheme itself, originating in a desire to remove the negroes from the country for the country's good, dates back as far as 1777 when Thomas Jefferson advocated the deportation of the blacks. Other prominent statesmen, including Henry Clay, favored the plan in the earlier times. Even as late as 1862 the project was favored by Abraham Lincoln, who declared that the separation of the races was the only solution of the problem, but, the success of Liberia being doubtful, he favored colonization in purchased Central American territory. Lincoln's plan came to nothing partly because the spokesmen for the negroes objected and partly because the black man had by that time become and for many years remained what has been termed the "pet of politics." The only one of numerous schemes that was ever carried out was that of the American Colonization Society founded in 1817 which planted a permanent colony of American negroes in Liberia in 1821. In spite of many tribulations this colony endured, gradually growing from natural increase and occasional accessions from the United States, Liberia now has a population of about a million and a half. It is enrolled among the Allied nations nominally or actually at war with Germany, and its chief port was shelled by German submarines a few months ago.

## THRIFTY REFORMERS.

Bone-dry Virginia's method of disposing of its stock of liquor recalls the method of putting an end to negro slavery employed by certain states early in the last century. These states enacted statutes fixing the date of their abolition of slavery some years ahead and meanwhile permitted all the negroes to be shipped and sold in states still holding to the old institution permitted under the Federal Constitution, Virginia itself receiving a great part of the transferred human property. Prohibition reformers in the old Dominion now are just as thrifty and practical as were the anti-slavery reformers of other states referred to above. For, after passing a law prohibiting the

manufacture, importation and sale of liquor, Virginia passed another law permitting the state to sell the liquor it had confiscated outside of its own borders.

The old-time method of selling out of a Northern State its slaves before actually setting them free was successful, but Virginia's plan of selling its liquor after outlawing it has run upon an unforeseen snag. The confiscated liquor was quietly disposed of to an agent for a large dealer in Baltimore, but after it arrived at its destination the internal revenue office held up the consignment for the increased tax of \$2.10 per gallon. As the Federal Government is inexorable on this point and as the Baltimore purchaser refuses to pay a tax not provided for in the negotiations, the prohibition government of Virginia is greatly embarrassed. The obvious moral is that it is now less easy to reform others before fully reforming yourself than it was early in the last century.

## FRENCH CARS ARE LIKE CIRCUS WAGONS

Percy Taylor of Port Ewen Delighted With the Beautiful Gardens in France and Amused by the Tiny Railway Cars.

The following letter from Private Percy H. Taylor, of Port Ewen, who is now in France, to his mother, Mrs. Edwin Taylor, will be of interest to many readers. Private Taylor left Kingston with the first contingent of the new National Army for Camp Dix, after which he was sent to Camp Gordon, near Atlanta, Ga., from which place he left for overseas duty in May.

PERCY H. TAYLOR.

On Active Service With the American Expeditionary Forces.

June 24, 1918.

Dear Mother:  
Received your letter and was sure glad to get it. You know getting a letter from home makes things more cheerful, especially if you are about three thousand miles away. It isn't likely that your letters will come often but they certainly will be appreciated when they do come, so don't be afraid to write often and I will do the same.

I had quite a long sail. It took about fourteen days. I did not get at all seasick; guess I am too tough. The country over here is beautiful. I saw some beautiful gardens. You may think the pictures you see in the magazines are overdrawn, but they are not, according to the ones I saw. In France, the part that we came through, the cars were the oddest things that I ever saw. If I had not seen them on rails I would have thought that they were wagons. They looked like the circus wagons, one of the kind in which they put their animals. They would carry between twenty and thirty persons. I thought the things would fall in a heap or a wheel run off, but it did not, it got us to our camp all right. The camp is very nice also everything around the camp. There is a small village close to the camp where we go to spend a few hours in the evening and there is also a large and beautiful Y. M. C. A. where we spend some time.

It has been cold here and lots of rain, but it is getting nice now and I hope it will continue so.

Do not worry about me because I am enjoying the best of health.

I don't imagine the war will last much longer from what I read in the paper about it.

We get a paper that is published in Paris but is printed in English. I will close now. Will try to write often and you do the same.

Your loving son, "Punch."

Private PERCY TAYLOR, 320th F. A. Med. Dept., 82nd Division, Amer. Ex. Forces.

## Delhi People in Hayfields.

The citizens of Delhi are doing splendid work in helping the farmers. On good hay days as high as a dozen village business men are out in the surrounding hayfields. The Commercial Club and Agricultural School are arranging the places and getting the men to and from the jobs. People who cannot go into the fields are doing good service by offering their autos to take the workers back and forth. All citizens who are out independently, are requested to report dates and time to the director of the Agricultural School in order that a report of total days of help rendered may be made. Who says that Delhi is not doing her part when 68 farm cadets have gone out through the Agricultural School and now in the time of great need come this splendid help from the people of the village.

## Brass and Metal Beds in Modern Finishes

Any desired effect can be obtained in furnishing with these sanitary, beautiful beds. Sunny brass brightens a dark room wonderfully. White enamel gives it a look of spotless cleanliness. Old Ivory or the new wood finishes can be chosen to harmonize perfectly with one's furniture.

And our Metal Beds are purchased from manufacturers "with a conscience." Perfect tubing, rigid construction, no rattling bolts to disturb one's rest. A large and extensive collection, priced from

\$10.50 to \$55.00

## First Artesian Well.

The first artesian well to be bored in Europe of which data is available is the tube well at Grenelle, in France, which was sunk by the French government between 1834 and 1842, in the hope of obtaining a sufficient supply of water for Paris. The depth is 1,798 feet, at which level a prolific supply of water was reached.

## Learn to Do Without.

One of the arts of life is to learn how to do without. Few of us have everything we consider desirable and if we grumble at every little deprivation we make ourselves miserable and our associates uncomfortable. To learn to do without and yet be cheery and happy, goes far toward making life a success.

## DR. WILLIAMS IS ST. JOHN'S RECTOR

Elected By Vestry Thursday Evening—Comes With Wide Ministerial Experience and Has Been Prominent Lecturer.

At a regular meeting of the vestry of St. John's Church held Thursday evening, July 18th, the Rev. Leighton Williams, D. D., was elected rector of St. John's Church by a unanimous vote of the vestry. Dr. Williams will take up his duties as rector the first Sunday in September. Dr. Williams will have charge of the services for the remaining two Sundays in July. Following the usual custom, St. John's Church will be closed during August.

Dr. Williams comes to St. John's Church with the highest recommendation of both Bishop Grear and Bishop Burch of the New York diocese and he will bring to the parishioners of St. John's Church a wide experience in the ministry. The vestry of St. John's Church consider that they are most fortunate in obtaining a rector of Dr. Williams' standing and ability.

Dr. Williams graduated at Columbia College in 1876, and from the Columbia Law School in 1878 and practised law for nine years. In 1887 he entered the ministry, taking his theological studies at Union Seminary. In 1896 the Amity House settlement was opened and for fifteen years he resided there as head worker.

Dr. Williams has been active in many reform movements and has held many prominent positions. He was one of the organizers of the Federation of the Churches and the Brotherhood of the Kingdom, which still holds its annual conference at Marlborough.

He has been abroad many times and is well acquainted with religious, social and economic conditions in this and other countries. In 1912 he lectured under auspices of the New York Peace Society in Virginia, Maryland and other States in the interest of President Taft's Arbitration treaties.

Dr. Williams has lectured and preached in many parts of the country and at many colleges and universities.

## AMERICANS ARE ON WIDE FRONT

Americans are now operating on a wider front in France than at any other time since they were put upon the firing line. The French war of report indicated that American troops were brigaded with the French in almost all of the fighting sectors between the Aisne and the Marne. Americans advanced with the French against Soissons on the Aisne; they stormed Vierzy, 6 1/2 miles southward of Soissons and advanced between Dammarie and Bureches on a front of nearly eight miles.

The Franco-American forces accomplished more in ten hours than the Germans had been able to achieve in several days.

## THE ALL-HIGHEST GREATLY ALARMED

By Telegram to The Freeman.  
Paris, July 19.—The Kaiser and Field Marshal Von Hindenburg, who were with the German army in the Champagne district, have taken serious alarm at the smashing counter offensive launched by the Americans and French between the Aisne and Marne rivers and were reported today to be rushing toward Soissons.

Allied infantry is now close to Soissons and the German hold on that city is seriously menaced.

## PLANS FOR BIG PARADE.

To Be Held July 25th in Honor of the Men Who Entrain For Camp Dix.

D. G. Atkins, who so successfully worked out the details of all of the parades held here in honor of the selective service men, will be the grand marshal of the parade and demonstration to be held the morning of July 25th, when 374 men from divisions 1 and 2 entrain from here for Camp Dix.

Grand Marshal Atkins wishes the co-operation of every organization and citizen here in order that this parade may be the largest one yet held, so that this large number of men who are leaving, may realize, as the others who have gone have realized, that Old Ulster and Kingston are proud of her citizens who are willing to give their all to help in the righteous war for democracy and freedom.

As soon as the parade orders are completed they will be announced. In the meantime it is suggested that the various organizations get busy with their plans to turn out and make the demonstration one long to be remembered.

There ought to be a big turnout from the county as well as the city. Let's get busy and prepare to give the boys a rousing send-off.

## Building a Residence.

Ground has been broken on Clinton avenue, on one of the old Molyneux lots, for a residence for Leon Chambers of the Stuyvesant Garage. William McCullough has the contract for the masonry work; Buckley and Schryver have been awarded the contract for the carpenter work. Plans were drawn by Architect Gerard W. Betz.

## NO MORE NEWS OF WESTOVER

By Telegraph to The Freeman.  
Washington, July 19.—The navy today was without any additional facts regarding the sinking of the supply ship Westover, torpedoed by a submarine in the war zone on July 11. It is now believed that the ten officers and men reported by Admiral Sims as missing, were killed by the explosion of the torpedo. The Westover was of 4,270 tons net burden and was loaded with army supplies when sunk. She was formerly in the Pacific coast trade.

### Kelly in Movies.

The moving picture people who are photographing the old Clermont lighthouse at Kingston Point wanted the picture to show steam coming from the steam pipe and as there was no fire on the boat they had to arrange or temporary display. So Tom Kelly, the veteran plumber of the Canfield Supply Company, was called into the scene, and he with a steam hose used for thawing out pipes in the winter time produced the necessary steam and the picture was a great success.

### Water Taxes Due.

Saturday being the last day of collection, the office of the water board at the city hall will remain open until 4 o'clock in the afternoon.

## ALLIED ATTACK SURPRISED HUNS

By Telegraph to The Freeman.  
London, July 19.—More than 300 square miles of territory were captured by the French and Americans in the first day of their big counter offensive against the Germans on the Aisne-Marne front.

The Germans are throwing in reserves behind the Aisne river in a frantic effort to block the Franco-American drive.

The Allied assault took the Germans completely by surprise and was carried out in a violent rainstorm, which acted as a screen, masking the Allied troop movements from the German observers.

## SELECTIVE CALL FOR AUG. 1-15

By Telegraph to The Freeman.  
Washington, July 19.—Provost Marshal General Crowder today issued a call for 2,802 white men and 600 colored men, to train as mechanics, auto drivers and other trades, beginning August 1 and August 15.

### "DON'TS" FOR CHAUFFEURS.

Intending Chauffeurs Examination Here July 31.

Albany, July 19.—Four pertinent "don'ts" in connection with state examinations for chauffeurs are suggested by Secretary of State Hugo in the first place chauffeurs must not operate a car with the permit which is sent them and which is intended only for admission to the examination. In the second place those who are intending to take the examination should not wait until the last minute before filing their application, photographs and fee. At least four days leeway should be given.

Mr. Hugo also cautions persons taking the examination not to request of the examiner permission to run their car as a full fledged chauffeur until after they receive their badge and certificate. State examiners are strictly forbidden to grant any such request.

There is another thing which Mr. Hugo desires all intending chauffeurs to remember and that is to be absolutely sure that all questions on the application blanks have been answered and that photographs and the required fee be enclosed with the application, otherwise the application will be returned and the person will be subjected to delay.

There will be an examination for chauffeurs at Kingston at the city hall on July 31 at 12 o'clock. Edward J. Murphy, connected with Mr. Hugo's office in Albany, will be in charge of both the road test and the written examination which follows.

### Buy Canteen Committee.

Last Saturday the Cornwall Canteen Committee had a record breaking day attending to the wants of the soldiers who passed through that place on the West Shore railroad. Twelve trains with about 11,000 soldiers aboard were served. The committee gave the soldiers 14,000 cigarettes, 6,000 post cards and served four hundred gallons of coffee. Their good work was greatly appreciated by the soldiers most of whom were from the Pacific Coast. The ladies of the committee worked all day with untiring effort and did not stop until late at night.

### Remember Our Boys.

Local tobacco and fruit merchants should respond liberally to the call for "treats" for our boys who leave July 31 for Camp Dix. The fruit and "smokes" will be appreciated and will be one way in which we can give a slight token of our appreciation of the sacrifice that our boys are making for us.

Dobbs Ferry New Fire Alarm.  
Dobbs Ferry has had to install a new fire alarm because the Manilla-Archer Brewery Co. has closed down and the whistle of the brewery was used as a fire alarm. A large iron ring has been installed and will be beaten with a sledge hammer to call out the department.

### Our Population Increases.

Mr. and Mrs. Andrew Schrader are receiving congratulations over the arrival of a daughter. Mrs. Schrader before marriage was Miss Florence Johnson.

A daughter has arrived at the home of Mr. and Mrs. Charles Donneruma at No. 39 Chambers street.

### Dance Saturday.

July 20, Saturday evening, a big dance will be enjoyed by the young people of the parish of the Immaculate Conception, at the school hall, Delaware avenue. Prof. Schwalbach with his orchestra will play for dancing.

Best Ever Butter Company.  
Charlotte D. Kent has filed a certificate in the county clerk's office to conduct business under the name of the "Best Ever Butter Company" at 56 Crane street, Kingston, N. Y.

### BUSINESS NOTICES

To the Officers and Members of Roundabout Lodge, No. 343, F. & A. M. Brethren.  
You are fraternally requested to attend a special communication to be held Monday evening, July 22, at 7 o'clock for the purpose of conferring the second and third degrees on a brother who has been called for service and expects to leave town next week.

Fraternally yours,  
JOHN R. GILLETTE, Master.  
M. BURGER, Secretary.

## USE MADE OF FOOD CARTONS

Oatmeal Containers Easily Transformed Into Attractive Scrap Baskets for the Table.

"Why in the world are you Hoovering all these oatmeal cartons? I always burn mine," said the visitor in astonishment as her friend opened a cupboard and disclosed a shelf filled with a collection of oatmeal cartons, the round kind.

"I will show you," said her friend, leading the way into the living room and taking an object from the table. "What do you think of that? I call it a table scrap basket."

"A table scrap basket!" exclaimed the visitor. "What could be more useful and what could be prettier?"

"You know," explained her friend, "I always save the odd lengths of wall paper left over. There is a box full in the storeroom. One of these pieces of wall paper is of a wonderful blue, the kind with green in it, a mat that I took a carton, cut and fitted the blue paper to it and pasted it on. Then there was another end of wall paper left over from the dining room frieze. It was a French paper showing a riot of gaily colored birds in a jungle of leaves and flowers. From this paper a rich blue parakeet, balancing on a red stem, was cut and pasted on the darker blue background, taking care to paste it over the seam where the paper on the carton is joined together.

"Then the edges, top and bottom, were bound with furniture gump, which matches the blue paper. For handles I took two large rings such as are used for curtain pulls covered them with buttonhole stitching in black and hung them on either side of the carton, forming little drop handles. The bottom and inside of the carton were dyed a deep red, harmonizing with the touches of red in the parakeet. Other cartons were covered with a light yellow paper and mounted with brown and yellow birds with gump to match and black handles.

"My table scrap baskets, I find, make useful and much-appreciated gifts. And that is why I am Hoovering the oatmeal cartons."

## SAND PILE KEEPS TOTS BUSY

Affords One of the Greatest Amusement for Youngsters—Can Model Clay Designs.

What else is there with which little children's hands can be kept more satisfactorily occupied than sand? Just turn the children loose in a pile or table of sand, with a spoon, a pail, a cup or anything with which they can dig or shovel.

You do not like sand in the house? If you have a suitable place for it, it need not make any trouble. An old kitchen table turned upside down, with the legs cut short and put on the other side, makes a good table for sand. A piece of burlap or denim placed under the table keeps the sand from being scattered over the house.

With clay, a simple little cradle may be made. The child first rolls a piece into a ball, cuts it in half with a string. One of these halves forms the lower part of the cradle. The other he cuts in two, using one piece for the top and remodeling the other into a "ball for baby."

Birds' nests with eggs can be made with clay; also apples, oranges, cups and saucers, and even animals may be attempted.

## VOILE AND ORGANDIE FROCK

Of the many varieties in summer frocks this of voile stands out as a pleasing and attractive dress. The frilled organdie breaks the long skirt line, and is used for collars, cuffs and belt.

Revolving Tray.  
The revolving breakfast tray is a comfort which American women would do well to borrow from their English cousins. It makes it possible to do with less service.

Intelligent Insects.  
The arts of weaving and rope and netmaking are practiced by some of the lower forms of life, notably among caterpillars and spiders. The weaver birds of Africa and India, which are a species of finch, construct wonderful nests out of leaves by sewing them together.

## OUR WOUNDED REACH PARIS

Sidelights on Doughboys' Repulse of German Thrust—One Sergeant Picked Off Twenty-Five Enemies.

By Telegraph to The Freeman.  
Paris, July 19.—"We gave 'em hell," is the triumphant note on the lips of American wounded who have just been brought to Paris hospitals from the Marne front.

After the first shock, the Americans began counter attacking west of Chateau Thierry with their old time pep.

After the first ten minutes American artillery dominated the situation.

A Kentucky doughboy told of a sergeant, who was an expert rifleman picking off 25 Germans as the Germans were crossing the Marne.

Artillery fire was directed towards the Marne bridges and the many German ammunition trains were sunk.

A Polish private from Chicago said that his company was moved up from a supporting position. They came in contact with machine guns and captured one, killing an officer and wounding another.

They came across eight Germans dressed in American uniforms and two others in French uniforms. The Americans were going to join, not discovering the deception, but the Germans fired at close range. The Americans jumped in and killed every one of the Germans.

A soldier from Louisiana first saw eight Germans on the bank of the Marne. An officer who was standing by saw them also and remarked:

"Let's get 'em."

The two "went over the top" and "got" the Germans before the barrage fell.

A Philadelphian left his dugout just five seconds before it was destroyed by shell fire.

### MILK BINDER.

Laborless Method of Making a Soft Road Hard.

Speculation has long been rife around Lake Katrine as to the reason for the great increase of automobile traffic on the neighborhood road. Attention was first drawn to the matter by the fact that Judge Jenkins and W. M. Davis seldom pass that way on their early morning canter. Every body knows that horseback riders prefer a soft road, and investigation showed this road had become uncommonly hard, thus accounting for the absence of the Judge and Mr. Davis, as well as for the great increase in auto traffic. What had caused this remarkable change in a road that had so long been sandy and soft? Further investigation brought out facts that may revolutionize road building.

In the first place the road commissioner had put crushed stone on it in the early spring, but this had been done before and no such a road as now exists followed. The reason must lay deeper and the local Sherlock Holmes finally made all plain in a most unexpected manner, and this is the interpretation. It appears that Herman Roosa, the genial trainman, known to all travelers on the West Shore, had lately bought a farm lying along the tracks and had become a back-to-the-lander. As most of this farm was in grain and garden truck it became necessary to secure pasture for the cow from a neighbor, which meant leading the animal along the road night and morning. It also appears that this cow has a capacity for eating and making milk that is altogether out of proportion to her capacity for holding it, the result being a steady flow of milk all along the road. This milk combined with the crushed stone making a road bed of surpassing wearing qualities and that is expected to be used in place of Willite in the near future.

As most cows carry their teats pendant it might be inferred that a narrow strip of road only would be made but Mr. Roosa's cow is built on business lines and has her teats set at an angle of 45 degrees that make a veritable sprinkling attachment which covers the whole road and is responsible for the splendid condition it is now in.

If Mr. Roosa is distinguished by the possession of such a remarkable cow, Mrs. Roosa possesses a parrot that for fluency of speech and ability to give a hearty human laugh, can put to shame many people who have had greater opportunities.

### COTTEKILL.

Cottekill, July 18.—Next Sunday evening, July 21, at the regular hour for service, 7:45 p. m., the Rev. C. Podine of New York city, who is spending his vacation at the Crystal Spring Farms, will preach in the M. E. Church of this village. All are invited to attend and hear the Rev. Mr. Podine, who is a talented and fervent speaker. We might also add that the latchstring is on the outside, the pews are all free and it is hoped the church will be packed, as to miss this service will be to regret it.

July 15th, which is known as St. Swinthin's day, passed off very nicely until about 10:30 p. m., when we

## Painless Dentistry

The difference between painless and painful dentistry depends upon the carefulness and skillfulness of the operator. With good instruments, fresh medicines, local anaesthetics and nitrous oxide gas a careful and skillful dentist can perform all operations painlessly, even to the extraction of teeth.

Painless methods, earnest endeavor and reasonable prices have in thirty years, made the Cady Dental Corporation the largest dental organization in New York state.

PRIVATE ROWLAND DUTCHER.

The following letter has been received by Mrs. G. A. Dutcher of Oneonta, from her son in France:

Somewhere in France,  
June 11, 1918.

Dear Mother:—  
At last I have reached the "Sunny France" we all have talked of. We had a very pleasant trip. I was not very sick on board the steamer. The first day I felt a little sick and about three days out we had a little rough sea and of course that caused quite a number of the boys to be sick.

We have passed a number of beautiful places and our trip has been one that will be remembered by all who are in the army.

(The remainder of the letter was written on different kind of paper.) This part is on different paper but I suppose you will accept it.

The fellow who came home with me from camp, is sick. He had the chicken-pox but is all right now.

Please tell all the people that I am O. K. and feeling fine and that I will write one letter to be read by all as the time and patience of our censor may be exhausted for he has a great many letters to look over each day and of course we want all our friends to hear from us in some way.

Hoping this finds you all and happy, I will close.

Your loving son,

ROWLAND.

LATTINGTOWN.

Lattingtown, July 18.—Raspberry

picking will be over some time during this week.

Quite a number of girl helpers from the metropolis will return to the city this week. L. W. Craft's have gone.

John McGowan has been home for a two weeks' vacation.

Miss Nellie Odell is home on her annual school vacation.

Some of the boarders at the "Overlook House" have returned to the city.

Mrs. Captain Smith of Bay Ridge is visiting her daughter, Mrs. L. W. Craft.

Mrs. S. J. Owens of Butler, New Jersey, and daughter have been visiting their relatives here.

It is not now an unusual sight to see "Panting Girls" on the rural roads and in the fields nowadays.

Fruit growers are now gathering their currants, picked as fast as possible by hook and crook.

William Best of Plattkill is again delivering hay in this section.

In a short time a picnic in one of the home groves will be held for the Sunday school of this place.

Tuesday morning the community was shocked to hear of the sudden death of S. B. Wygant, a prominent fruit grower here and an elder in the Presbyterian Church at Marlborough.

Mr. Wygant was returning from the field to the barn when he fell from the wagon dead, which also passed over him. Heart disease was the cause. He leaves a wife and a young son. His parents, Mr. and Mrs. Augustus Wygant, died some years ago.

Mr. Wygant was known in the town as a friendly and accommodating neighbor; an excellent citizen.

A salesman of Luckey Platt & Company of Poughkeepsie was in town Tuesday.

The house of James Weed was struck by lightning last week but only one of the chimneys was damaged.

RUBY.

Ruby, July 18.—Mrs. Kate Staerker and daughter, Feanie, and

and Will France and son, Howard, of Kingston and Mrs. Rosenberg of New York and Harry and Jeannette Hingel of Saugerties were week end guests at the home of Miss Rose Stice.

Mr. and Mrs. Ed Benson and children and Mr. and Mrs. Ed Kearney and children and Mrs. Hart and Kathryn and Ruth Sparling have returned to their homes after spending some time in Ruby.

Mr. and Mrs. Charles R. Young and Miss Anna Young of Kingston spent the week end with Mr. and Mrs. William H. Cole at the Grand View House at Ruby.

Miss Mary Stauble of New York is spending some time with her brother and sister at Ruby.

The potato bugs are getting scarce but the mosquitoes are plentiful.

Mr. Mason took Mrs. Lyons and her brother-in-law, John Lyons, and Edna Keene and Mary Lyne for an auto ride around the reservoir Wednesday.

Miss Cornelia Van Aken and her mother of Kingston spent the week end with her mother, Mrs. Jacob Shaler, of Ruby.

Mrs. A. Van Hoevenberg and daughter, Irene, and her mother-in-law, Mrs. Van Hoevenberg, spent Wednesday with her mother, Mrs. Cunnings.

Mr. and Mrs. Jacquelin and Mr. and Mrs. George Shank took an auto ride to Saugerties Sunday evening.

Lillian Osterhout and son, Gordon, of Kingston spent the past week with Miss Helen Titus of Ruby.

The four girls of Kingston spent the week end with Mr. and Mrs. Michael Staerker.

## TRI-COUNTY FARMERS' DAY.

Social and Educational Gathering at Napanoch July 30.

Tuesday, July 30, has been set aside as farmers' day in Orange, Sullivan and Ulster counties. On this day thousands of farmers of these three counties will unite in a social and educational gathering at the farm of Chester Young, Napanoch, Ulster county. The hour set for assembling is 12 o'clock noon. Visitors may bring basket lunch or purchase lunch from the Red Cross booths, located on the grounds.

At 1:15 the meeting will be opened by band concert and community singing. At 1:30 visitors will be welcomed by Chester Young, president of the Ulster County Farm Bureau Association and host of the day. D. V. Farley, president of the Orange Farm Bureau and B. P. Craig, president of the Sullivan County Farm Bureau Association, will respond. An address will then be given by W. H. Jordan, president of the Federal Milk Commission and director of the Geneva Experiment Station.

Following the speaking, ten husky farmers from each of the three counties will compete in a tug of war. Each team will be allowed two pulls, the winner of the first two counties will compete with the third county.

At 2:30 a tractor demonstration will be opened by the New York State Food Commission. Fifteen tractors will be seen in operation.

Several farmerettes from the Women's Land Army Unit, located at Stone Ridge, will demonstrate that women are able to do farm work.

Women are especially urged to be present as the home demonstration agents of the three counties have planned to have a home economic tent on the grounds with demonstrations and exhibits of interest to housewives.

Excursions will be made to different parts of the farm to examine Mr. Young's crops and farm methods. A corn variety test and soy bean variety test will prove of interest to many. Mr. Young is a breeder of pure Holstein cattle and he has a dairy that is well worth traveling a good distance to see.

Mr. Young's farm is located on the Kingston-Ellenville state road, about one mile west of Napanoch. Napanoch may be reached by automobile by the following routes:

1. Lower Walkkill Valley—Via Walkkill, Pine Bush, Walker Valley, Ellenville.

2. Lower Hudson Valley—Via Highland, New Paltz, Rosendale, Stone Ridge.

3. Upper Hudson Valley and Kingston District—Via Kingston, Ellenville, Stone Ridge.

Everybody is welcomed to this meeting, both farm bureau members and non-members. Plan to attend. Bring your wife and your neighbor and his wife.

## The KITCHEN CABINET

And see how everywhere  
Love comforts, strengthens, helps  
and saves us all;  
What opportunities of good better  
To make life sweet and fair.

GOOD THINGS FOR EVERYBODY.

When you want a new combination try the following:

**Holland Salad.**—Mix half a pound of bologna sausage cut very thin with a pint of cold boiled potatoes, also thinly sliced, one medium sized onion finely shredded, six sardines freed from skin and bones; then cut in bits two hard cooked eggs sliced. Pour over three parts of oil and one of vinegar, a teaspoonful of horseradish, and a tablespoonful of tomato catsup; salt and red pepper to taste. Serve on lettuce.

**Dainty Croquettes.**—Mix a cupful of boiled calf's liver, finely chopped with a half cupful of bacon, also finely chopped and cooked crisp and brown; add salt and pepper, form into balls dip in egg and crumbs and fry in hot fat.

**Fish Souffle.**—Force cooked fish of any kind through a sieve—there should be a quarter of a cupful. Cook a fourth of a cupful of bread crumbs with a third of a cupful of milk five minutes, add the fish and half a tablespoonful of butter, salt and paprika to taste. Beat the white of a small egg and add to the mixture. Turn into a buttered mold and bake in hot water until firm. Serve with a white or any desired sauce. This amount makes a small dish sufficient for two, it can be doubled for a larger family.

**Marmalade Pudding.**—Mix a cupful of barley flour with the same amount of stale bread crumbs and a cupful of smet chopped fine; add one beaten egg, a half teaspoonful of salt, and a cupful of marmalade. Turn into a buttered bowl, tie up in a cloth and steam three hours. Serve with a hard sauce.

A thick slice of tomato covered with chopped onion and cucumber and served with French dressing is both a good and a pretty salad.

Hash may be made into balls or cakes, rolled in crumbs and browned making a most tasty dish with little work.

## OLIVE BRIDGE.

Olive Bridge, July 18.—On the evening of Wednesday, July 24, an ice cream social will be held on the lawn of the M. E. parsonage at Olive Bridge. Proceeds for the benefit of the Red Cross. We trust that the people of our community will come out and help to make this a success. We also invite our friends in other communities to join us in this social.

Miss Hazel Paries of Elizabeth, N. J., is spending some time at the home of J. V. Merrihew.

Rev. and Mrs. Thompson recently entertained at their home Mrs. Edwards of Malden, and Mrs. Alberti of New York.

 Miss Ruth Dingman of Kingston, spent the week end at Cyrus Cudney's.

Mrs. Lincoln Smith's daughter and children of Schenectady, have been spending some time with her.  
 Miss Maude Palen and mother are visiting in Columbia county.

Mrs. Dunham, our former teacher, is in a sanitarium at Kingston, where she went through a serious operation recently. Her many friends hope for her speedy recovery.  
 Louisa Theil, who had her tonsils removed by Dr. O'Leary at Kingston Monday, is getting along nicely.

Mrs. Henry Elmendorf and Burr are spending some time at Schenectady.

Mrs. William Simmons of New York, has moved into Mrs. Lincoln Smith's rooms. Her husband, Captain Simmons, is in France, and is a son of Frank Simmons a native of this town but now of Texas.

T. S. Lennox and daughter, Frances, of Glenford, called on friends in this place Tuesday evening.  
 Mrs. Houlahan's sister of New York is spending her vacation with her.

Mr. and Mrs. Fisher of Brooklyn are spending their vacation at the Warren House.  
 There will be services at the Old School Baptist Church at Shokan, July 21st, at 10:30 a. m. and 2 p. m. Saturday night a meeting will be held at Lincoln's Smith's at 8 p. m.

At the business meeting in the O. S. Baptist Church in June it was decided to repair the church sheds this summer and any one who would like to help along please hand the money to Clarence Mos. Sr., treasurer of the church or send it to him at Ashokan, N. Y., Box 359.

**ST. REMY.**

St. Remy, July 18.—The frequent showers are very beneficial to the gardens, while the farmers are hindered with their harvest.

**UNDERNEATH THE CITY HALL DOME**

The service flag presented to the city by the Rotary Club on the 4th of July at last is flying from the city hall mast. Janitor Dawe on Thursday received from the supply committee of the city fathers the necessary clasp needed and immediately seen to it that the service flag was hung to the breeze.

Speaking of the service flag reminds every one that next Thursday the big parade and demonstration will have to be held an hour earlier than usual. The boys leave on a special train at 8:05 o'clock that morning instead of 9:05. This will mean that the parade will have to start at 7:30 instead of 8:30 o'clock.

Fire Commissioner Lahl, who has always handled the baggage of the boys, will secure an efficient corps of assistants as there will be at least 400 pieces of luggage to handle, which is more than one man could look after. More than one auto truck will also be needed. It is understood that Stock & Cordis have offered the use of their two big auto trucks for the occasion.

Due to the timely action of Alderman Ralph Mann, who has always seen to it that the boys were supplied with fruit when they entrained, a number of patriotic residents and merchants of Kingston have volunteered to assist him Thursday in presenting the boys with fruit, smokes and candy.

It will be a big day for Kingston and Ulster county. Undoubtedly the parade will be of record breaking size, and everything will be done to give the boys, the largest contingent that has left town, the biggest and best send-off.

No new cases of measles were reported to the health board Thursday. Several days have passed since any new cases were reported, and it

**Truly King of Birds**  
 "Our national bird, the bald eagle, wild in its native haunts, is so large and majestic, and flies with an evidence of so enormous strength, that one is impressed with the thought that here is the king of birds," writes T. Gilbert Pearson of the Audubon society. "On one occasion while eating my lunch in the shade of a little bush on a Southern prairie, I saw one carry off a lamb."

**Save Fuel Wisely**

Saving fuel is working hand in hand with the Government these days. And one way to save wisely and well is to use SO-CO-NY—the quality gasoline. It means minimum consumption and maximum power.

Inferior, low-grade mixtures mean waste in the form of increased consumption, lost power and excessive carbon deposits.

There's power in every drop of SO-CO-NY. It's clean, quick starting; reliable; obtainable everywhere.

Look for the Red, White and Blue SO-CO-NY Sign. It's the wise way to save fuel.

## GIVES HIS LIFE FOR HIS COUNTRY

Elmer Lee of Pittsburgh, Pa., a Former Kingston Boy, is Reported Killed in Action—Mother's Home on Elmendorf Street.

Mrs. Lee of Pittsburgh, has received word from the war department that her husband, Elmer Lee, was killed in action in France between June 15 and 22. Mr. Lee was a former Kingston resident, and was the son of Mrs. Minnie Lee of 219 Elmendorf street. His father, Elmer Lee, died a few months ago.

Mr. Lee was a selective service man, leaving Kingston with one of the contingents last year. He was sent to Camp Dix, from there to Camp Greene, sailing "over there" in April. He belonged to Company C of the Seventh Infantry.

The last letter received from him by his mother was dated May 27th. Mr. Lee was an expert bookkeeper. Although he lived in Kingston for comparatively a short time he always thought of Kingston as his home.

Besides his wife and mother, a sister and two brothers survive, Edna, Vernon and Alton P., all of Kingston.

### S. D. L. CELEBRATION.

Pleasing Program Rendered Following Installation.

Kingston Council 124, Sons and Daughters of Liberty, held their anniversary celebration at Cook's Hall last evening. At the regular session the installation of officers took place, the installing being performed by Mrs. Bertha Spinnewebber, deputy state councilor, assisted by the following state officers of the order: Nettie E. Latham, state councilor; Lottie M. Pietz, Jr. Ex. St. councilor; Lottie McClure, state secretary; May Bodkin Bohn, state treasurer; Mrs. Sleede, national alternate; and Eunace Grant, deputy state councilor.

After the installation a pin was presented to Eunace Grant, the retiring councilor of the local council, the presentation being made by Mrs. Daisy Fullerton, and suitably responded to by Mrs. Grant.

The session was then thrown open to the public and a very enjoyable literary and musical program rendered under the charge of Mrs. Daisy Fullerton as follows:

Singing—America. By all present.  
Prayer—The Rev. Mr. Haynes.  
Singing—Keep the Home Fires Burning.  
Recitation—Miss Eva Long.  
Recitation—Fannie and Nettie Gage.  
Singing—Catherine Fox, accompanied by Catherine Malbert.  
Recitation—Henry Smith.  
Singing—The Long, Long Trail.  
Vocal duet—Lillian Sherry.  
Lullaby—Miss Mary Wright.  
Daisy Fullerton.

At the close of the above program the state officers and others gave short addresses and after the serving of refreshments under the direction of the entertainment committee all present returned home much pleased.

The room was beautifully decorated with the national colors and the local council is to be congratulated at the success of the entertainment.

The local officers installed were as follows: Councilor, Wilhelmina Edwards; vice councilor, Daisy Fullerton; assistant councilor, Laura Fox; assistant vice councilor, Bertha Deckert; guide, Martha Longtree; inside guard, Carrie Mericle; outside guard, Anna Gage; trustees, Mrs. Parslow and Mrs. Fox.

REPUBLICAN CAUCUS.

NOTICE IS HEREBY GIVEN that Republican caucuses will be held in each ward and every ward of the city of Kingston on Saturday evening, July 20th, at 8 o'clock, at the following places, to-wit:

First ward—Wittwyck Hose Engine House, Fair street.  
Second ward—702 Broadway, Kingston, N. Y.

Third ward—City Hall.  
Fourth ward—Myer's barber shop, Hasbrouck avenue.  
Fifth ward—Cord's Hose House, Delaware avenue.  
Sixth ward—Mill street Engine House, Mill street.  
Seventh ward—Cornell Hose House, Abel street.

The purpose of the said caucuses will be to choose three (3) delegates from each ward to attend the Republican County Convention, to be held at the court house on Thursday, the 25th day of July, 1918, at 12 o'clock noon, when convention will recommend candidates for nomination.

All persons, both men and women, are entitled to vote at these caucuses who believe in the principles of the Republican party and endorse its policies and who are not enrolled with any other party.

The polls will be open for voting thereat for one hour.  
Dated July 17th, 1918.  
PHILIP ELTING, Chairman.  
JOHN W. ECKERT, Secretary.

## ROOSEVELT WON'T DISCUSS POLITICS

By Telegraph to The Freeman.  
New York, July 19.—"It's all a pipe dream."

This statement was made by Colonel Theodore Roosevelt today at the Langdon Hotel in answer to a report that he was to give out a statement today on the New York political situation. The colonel said that following his strenuous day at Saratoga yesterday he has dismissed politics from his mind and that he had no political conference scheduled.

As for the "round robin" drawn up by many Republican leaders asking him to take the gubernatorial nomination and the leadership of the party, Col. Roosevelt declined to discuss it, and even went so far as to say he was not interested.

Col. Roosevelt stated he had received no information from France regarding the fate of his son, Lieut. Quentin Roosevelt. The last word received was the cablegram from Richard Derby, the colonel's son-in-law, in Paris stating that one of Quentin's comrades believed the young aviator had landed safely inside the German lines and probably is a prisoner.

### NEW STANZA.

Composed For National Anthem By Rev. Dr. Strong.

In closing his sermon last evening at the union service held in the First Presbyterian Church, at Plainfield, New Jersey, Dr. Philip B. Strong, formerly of the Albany Avenue Baptist Church, Kingston, N. Y., whose discourse after paying high honor to France as befitted the day, was devoted to a historical, poetic and religious study of our national anthem, recited the last stanza of the anthem following it with one of his own composition, not as an addition to Key's immortal song, but as an expression of his personal devotion to the flag and as prophesy of its still greater glory among all nations when it shall hereafter be raised in grateful tribute over a ransomed world. So many have asked for a copy of this verse that Dr. Strong is giving it to the public for such use as any may care to make of it. The stanza follows:

And when earth is redeemed from the menace of "might,"  
The forces of "frightfulness" shattered forever;  
When God has established his kingdom of "right,"  
Secure through a brotherhood  
Nothing can sever—  
Then honored by those who oppress  
Oppose  
Shall our ensign exalted new glories disclose,  
And the "Star Spangled Banner" in tribute shall wave  
O'er the land of the free and the homes of the brave!

### HE WILL ENLIST.

So Hearing in Assault Case is Held Open—Other Matters.

John Leonard was arrested Thursday by Sergeant Phinney on a warrant sworn out by John's wife of No. 114 1/2 North street, charging John with assaulting her. This morning the hearing was adjourned until July 26. John will appear before the local exemption board to-night for examination. If he is accepted for service it is likely the assault charge will be withdrawn.

Earl Elin, a taxi driver for the Ashkan Garage, was arrested Thursday night by Officer Fout on a charge of driving his car with one light in front and no tail light. The hearing was held open until Saturday.

Slow Returns From Women's Clubs.

At the time of the last meeting of the Federation of Women's Clubs held this past May, the various clubs were asked, by the Women's Branch of the Home Defense of Ulster County, to send in before the middle of July, reports of the war work done by each of them during the past year, in order that there might be kept in one place, an official record of what the women of Kingston are doing in the way of war work. Information was also shown to have an historic value. Up to date only one club has complied with the request and that was the Lowell Club, which made a fine showing. A little later there will be reports published of what our women have been doing and the Women's Branch of the Home Defense hopes during the next three week days to hear from the other women's clubs in the city.

### PALENTOWN.

Palentown, July 18.—The Misses Grace and Carrie Lennon of Accord are visiting relatives in this place.

Mrs. Alfred Palen spent Tuesday with her daughter, Mrs. Harry Coons.

Norman Bell, who is employed by George Thomas in haying at Montebaccus, spent Saturday night at his home in this place.

Joseph M. Lennon and Elmer Barringer are gathering hay for Mrs. Lavina Markie.

John Bell and Matthew Dymond have gone to Delaware county, where they expect to spend some time in the harvest fields.

Oren Lee was in Kerhonkson on Saturday.

Irma Bell killed a rattlesnake recently.

The farmers in this place are trying to gather hay between the showers, which are very frequent.

## DR. WILLIAMS IS ST. JOHN'S RECTOR

Elected By Vestry Thursday Evening—Comes With Wide Ministerial Experience and Has Been Prominent Lecturer.

At a regular meeting of the vestry of St. John's Church held Thursday evening, July 18th, the Rev. Leighton Williams, D. D., was elected rector of St. John's Church by a unanimous vote of the vestry.

Dr. Williams will take up his duties as rector the first Sunday in September. Dr. Williams will have charge of the services for the remaining two Sundays in July. Following the usual custom, St. John's Church will be closed during August.

Dr. Williams comes to St. John's Church with the highest recommendation of both Bishop Grear and Bishop Burch of the New York diocese and he will bring to the parishioners of St. John's Church a wide experience in the ministry. The vestry of St. John's Church consider that they are most fortunate in obtaining a rector of Dr. Williams's standing and ability.

Dr. Williams graduated at Columbia College in 1876, and from the Columbia Law School in 1878 and practised law for nine years. In 1887 he entered the ministry, taking his theological studies at Union Seminary. In 1896 the Amity House Settlement was opened and for fifteen years he resided there as head worker.

Dr. Williams has been active in many reform movements and has held many prominent positions. He was one of the organizers of the Federation of the Churches and the Brotherhood of the Kingdom, which still holds its annual conference at Marlborough.

He has been abroad many times and is well acquainted with religious, social and economic conditions in this and other countries. In 1912 he lectured under auspices of the New York Peace Society in Virginia, Maryland and other States in the interest of President Taft's Arbitration treaties.

Dr. Williams has lectured and preached in many parts of the country and at many colleges and universities.

## AMERICANS ARE ON WIDE FRONT

Americans are now operating on a wider front in France than at any other time since they were put upon the firing line. The French war of the report indicated that American troops were brigaded with the French in almost all of the fighting fronts between the Aisne and the Marne. Americans advanced with the French against Soissons on the Aisne; they stormed Vierse, 8 1/2 miles southward of Soissons and advanced between Dammarie and Doureches on a front of nearly eight miles.

The Franco-American forces accomplished more in ten hours than the Germans had been able to achieve in several days.

## THE ALL-HIGHEST GREATLY ALARMED

By Telegram to The Freeman. Paris, July 19.—The Kaiser and Field Marshal Von Hindenburg, who were with the German army in the Champagne district, have taken serious alarm at the smashing counter offensive launched by the Americans and French between the Aisne and Marne rivers and were reported today to be rushing toward Soissons. Allied infantry is now close to Soissons and the German hold on that city is seriously menaced.

### PLANS FOR BIG PARADE.

To Be Held July 25th in Honor of the Men Who Entrain For Camp Dix.

D. G. Atkins, who so successfully worked out the details of all of the parades held here in honor of the selective service men, will be the grand marshal of the parade and demonstration to be held the morning of July 25th, when 374 men from Divisions 1 and 2 entrain from here for Camp Dix.

Grand Marshal Atkins wishes the co-operation of every organization and citizen here in order that this parade may be the largest one yet held, so that this large number of men who are leaving, may realize, as the others who have gone have realized, that Old Ulster and Kingston are proud of her citizens who are willing to give their all to help in the righteous war for democracy and freedom.

As soon as the parade orders are completed they will be announced. In the meantime it is suggested that the various organizations get busy with their plans to turn out and make the demonstration one long to be remembered.

There ought to be a big turnout from the county as well as the city. Let's get busy and prepare to give the boys a rousing send-off.

**Building a Residence.**  
Ground has been broken on Clinton avenue, on one of the old Molyneux lots, for a residence for Leon Chambers of the Sturges Garage. William McNiffough has the contract for the masonry work; Buckley and Schryver have been awarded the contract for the carpenter work. Plans were drawn by Architect Gerard W. Betz.

## OFFICIALS SILENT AS TO RUSSIA

By Telegram to The Freeman.  
Washington, July 19.—Officials remained silent today on the reports from Tokio that a joint agreement for action in Siberia had been reported between the United States, Japan, Great Britain and France. It was explained that whatever was developing in the Russian situation must remain secret for the present at least. However, it also was pointed out that the Tokio advices were simply confirmatory of reports made public here two weeks ago that the United States and the allies would extend real economic assistance to Russia and would offer military protection to the personnel through which this economic assistance was forthcoming.

## CHILDREN SING AND SELL W. S. S.

Guests at The Stuyvesant and pedestrians on John and Fair streets, were highly entertained last evening by two small girls, Barbara Drosselner, aged 10, and Theresa Krause, aged 9, who sang and gave recitations at the Kingston Opera House corner. The "Kiddies" showed much talent, their voices being excellent and their declamations were given with considerable expression. They came from Saugerties with their teacher, Miss Mary C. Burk of The Bronx, where they reside. Windsor Doyle, Sr., the truckman, who for years has been a great friend of children, giving them outings during the summer and presenting at Christmas new pennies to small girls and boys of Saugerties, is caring for the "Kiddies" and Miss Burk at a hotel, and brought the three to this city in his automobile. The girls sold War Savings Stamps, while in this city realizing over \$200 Thursday. They have been selling War Savings Stamps and Red Cross Cards at Saugerties and in that village received over \$300.

## Drafted Men to Dance.

**Young European Capital.**  
Helsingfors, the capital of Finland, is among the youngest of the European capitals. For it is but little over a hundred years since Czar Alexander I. shortly after the annexation of the grand duchy by Russia, transferred the capital thither from Abo, which was, in his opinion, too near Sweden.

**But Most of Them Don't.**

**Origin of One Proverb.**  
One obtains historical glimpses in proverbs. The familiar "robbing Peter to pay Paul" is said to derive its origin from the fact that in the reign of Edward VI the lands of St. Peter at Westminster were appropriated to raise money for the repair of St. Paul's.

**Turtle Eggs.**  
The eggs of the turtle vary in number from 60 to 100, and at first they resemble damp parchment in their texture.

## 324,000 YANKS ON FRONT LINE

American Chief of Staff Gives Out Information As to Scope of Our Activities in France--The Big Offensive Not Yet Started.

By Telegram to The Freeman.  
Washington, July 19.—There are twelve divisions of American troops—approximately 324,000 fighting men—at different points along the battle front in France.

During the last three or four days parts of eight divisions have been engaged in that great battle now in progress. The New England divisions, made up of seasoned Guardsmen from the New England states, and the Rainbow Division, in which some forty states and the District of Columbia, are represented, are completely engaged.

This was the information which General Peyton C. March, chief of staff of the army, gave to the house committee on military affairs today. He declared that the situation was "eminently satisfactory" although the official dispatches which have been received are very fragmentary. For the first time in the war American manufactured 75 mm. guns are being used by the American troops. The Americans, he stated, have been firing on an average of 23,000 shells daily.

To date there have been furnished to the army 733 aeroplanes of which 425 already have been shipped to Europe. There also have been delivered to the army 537 liberty motors, which have been shipped abroad.

The movement of troops continues over as at the rate of 90,000 weekly. The transport system has been speeded up, the general said, so that the transports now are making an average of a round trip every thirty days.

General March told the committee that the present operation of the Allies was of a major character and he expressed the opinion that if enough reinforcements could be had it would be possible for the Allied commanders to make an encircling movement which would result in the capture of thousands of Germans. The general, however, in the absence of exact information, was not inclined to believe that there were sufficient forces available for this work. The character of the terrain over which the present advance is being made is unusually favorable for the Americans, General March told the committee. He explained that the hills in that vicinity run about east and west while the advancing Americans are progressing through valleys which extend east and west at the same time holding the crests of the hills.

In the opinion of General March the present counter offensive of the Americans and French probably will come to an end when the Germans reach their prepared trenches. So long as the Americans and the French are able to push them back in the opinion of General March, they will retain the offensive. However, when the Germans get back into their trenches which it is known have been prepared for them, then it will be necessary for the cavalry and infantry to halt while the artillery is being brought up to blast them out and destroy the trenches.

General March emphasized to the committee the fact that the German attack this time had been in every way robbed of the surprise character which made earlier movements a success. On a substantial proof of this was the fact that the American divisions had been brought into position to meet the oncoming German hordes.

Up to the present no division of the drafted men have been engaged. There are many drafted men in regular army divisions and the National Guard which are in action, they having been drawn from the depot battalions to bring these units up to war strength. But the select divisions still are being held behind the lines.

General March told the committee that the present offensive was not the big offensive which has been planned by the Americans and which was designed to drive the Germans out of France and Belgium. This may take place this year or may be deferred until next spring. That is a military question which will be decided on its merits when the time comes. However, the present drive was designed to relieve Paris of a serious danger of capture. The Germans have planned to take Paris this year. By counter attacking as they have, the Americans and the French have driven back the Germans and will rob them of all the advantages which they had secured in their earlier fighting.

### TILLSON.

## OUR WOUNDED REACH PARIS

Sidelights on Doughboys' Repulse of German Thrust—One Sergeant Picked Off Twenty-Five Enemies.

By Telegraph to The Freeman.  
Paris, July 19.—"We gave 'em hell," is the triumphant note on the lips of American wounded who have just been brought to Paris hospitals from the Marne front.

After the first shock, the Americans began counter attacking west of Chateau Thierry with their old time pep.

After the first ten minutes American artillery dominated the situation. A Kentucky doughboy told of a sergeant, who was an expert rifleman picking off 25 Germans as the Germans were crossing the Marne.

Artillery fire was directed towards the Marne bridges and the many German ammunition trains were sunk.

A Polish private from Chicago said that his company was moved up from a supporting position. They came in contact with machine guns and captured one killing an officer and wounding another.

They came across eight Germans dressed in American uniforms and two others in French uniforms. The Americans were going to join, not discovering the deception, but the Germans fired at close range. The Americans jumped in and killed every one of the Germans.

A soldier from Louisiana first saw eight Germans on the bank of the Marne. An officer who was standing by saw them also, and remarked:

"Lots got 'em."  
The two "went over the top" and got the Germans before the barrage fell.

A Philadelphian left his dugout just five seconds before it was destroyed by shell fire.

### MILK BINDER.

Laborless Method of Making a Soft Road Hard.

Speculation has long been rife around Lake Katrine as to the reason for the great increase of automobile traffic on the neighborhood road. Attention was first drawn to the matter by the fact that Judge Jenkins and W. M. Davis seldom pass that way on their early morning canter. Every body knows that horseback riders prefer a soft road, and investigation showed this road had become uncommonly hard, thus accounting for the absence of the Judge and Mr. Davis, as well as for the great increase in auto, but what had caused the remarkable change in a road that had so long been sandy and soft? Further investigation brought out facts that may revolutionize road building.

In the first place the road commissioner had put crushed stone on it in the early spring, but this had been done before and no such a road as this was followed. The reason must lay deeper and the local Sherlock Holmes finally made all plain in a most unexpected manner, and this is the interpretation. It appears that Herman Ronsa, the genial trainman, known to all travelers on the West shore, and lately bought a farm lying along the tracks and had become a back-to-the-lander. As most of this farm was in grain and garden truck it became necessary to secure pasture of the cow from a neighbor. This meant leading the animal along the road night and morning. It also appears that this cow has a capacity for eating and making milk that is altogether out of proportion to her capacity for holding it. The result being a steady flow of milk all along the road. This milk combined with the crushed stone making a road bed of surpassing wearing qualities and that is expected to be used in place of Willite in the near future.

As most cows carry their teats pendant it might be inferred that a narrow strip of road only would be made but Mr. Ronsa's cow is built on business lines and has her teats set at an angle of 45 degrees that make a veritable sprinkling attachment which covers the whole road and is responsible for the splendid condition it is now in.

### COTTEKILL

Cottekill, July 18.—Next Sunday evening July 21 at the regular hour for service, 7:45 p. m., the Rev. C. Podine of New York city, who is spending his vacation at the Crystal Spring Farms, will preach in the M. E. Church of this village. All are invited to attend and hear the Rev. Mr. Podine, who is a talented and fervent speaker. We might also add that the latchstring is on the outside, the pews are all free and it is hoped the church will be packed, as to miss this service will be to regret it.

## REV. P. N. CHASE WAS A DELEGATE

He Attended the State Convention of the Prohibition Party Held at Utica July 16 and 17—The State Ticket.

The Prohibitionists of the state held their convention or conference at Utica on July 16 and 17, and the Rev. Dr. P. N. Chase of this city, the well known Prohibition worker and secretary of the party in Ulster county, attended as a delegate.

Dr. Chase when seen by a Freeman man, gave some interesting facts regarding the convention. Olin S. Bishop, state chairman, in calling the convention to order spoke of the bright prospects of the party. While only a year ago the party had a little over 20,000 enrolled Prohibitionists, the party now had nearly 50,000 which he said meant from 100,000 to 150,000 votes in November.

The Canisteo Quartet led in singing America, and at various times through the convention sang Prohibition songs.

Mrs. Mamie Colvin, wife of Dr. Leigh Colvin, Ph.D., of New York City, and a well known lecturer of the State W. C. T. U., was elected temporary chairman, which was an unheard of thing.

At the afternoon session Dr. Chase made the opening prayer and Mrs. Colvin gave the keynote address, which showed such a grasp of public affairs that it later led to her unanimous nomination for lieutenant governor.

A committee of one from each county was appointed to select names for nomination and according to Dr. Chase it was early discovered that a few prominent delegates had a plan to stampede the convention into nominating Governor Whitman, Hugo and Travis for the respective places they now occupy in the Republican party—the two last named even sent their deputies there, to urge the matter. The committee invited them to present their case, so they were treated with the utmost courtesy.

The struggle began with the first meeting of the committee that night, and continued through other meetings of the committee, and on the floor of the convention next day until its very close.

At the first vote in the committee there were but three votes for Whitman, while some additions were secured, there was not at any time over one-fourth of the delegates who voted for anything but straight Prohibitionists on the ticket.

Even in the selection of the committee on vacancies there was no loop hole left for the possible nomination of any but Simon-pure Prohibitionists. This committee consisted of the Rev. Dr. Chase, Claude A. Duval of Solvay, and James F. Gillespie of New York City.

Ulster county through the efforts of Dr. Chase had as much to do as any county in the state in keeping the party in "the middle of the road."

The convention before adjourning adopted the following ticket: For governor, Olin S. Bishop, of Ulster; for lieutenant governor, Mrs. Mamie Colvin of New York; for secretary of state, Mrs. Frankie E. Merson of Kenka Park; for comptroller, William E. Noone of Queens county; for state treasurer, George B. Humphrey of Malone; for attorney general, Clarence Z. Spriggs of Syracuse; for state engineer and surveyor, David H. B. Passage of Schenectady.

### "PROH" PICNIC.

It Will Be Held Labor Day and Fine Time Expected.

Last year at the Prohibition picnic held at the Dr. Sahler Sanitarium park it was voted to hold another this year on Labor Day. Among the speakers will be Mrs. Mamie Colvin, the party's nominee for lieutenant governor, and Olin S. Bishop, the candidate for governor expects to be present. Those who attend will take a basket lunch and hot coffee will be served free.

New York, July 19.—Prices at the opening of the stock market today showed gains of only fractions, but in the following minutes greater gains were scored. Clear Stores rose 1 1/2 to 102 1/2, Texas Oil 1 1/2 to 154; Crucible 1 1/2 to 57 1/2, and Union Pacific 3/4 to 122 1/2. Baldwin was an exception to the general display of strength opening 3/4 lower at 92 1/2, and then dropping to 91 1/2. Steel Common touched a new high price on this movement of 1919, a gain of 1/2. American Sumatra rose 1 1/2 to 127 1/2 and held all of this gain with the exception of about a fraction. Mexican Petroleum was unchanged at the start at 161 1/2 but later moved up to 161 1/2. American Smelting rose nearly a point to 50. City of Paris 6's rose to 88 1/2 compared with 85 1/2 at the close yesterday and 82 1/2 the low figure on Thursday, reflecting the success by the French and Americans on the western battle front.

Following the early activity the market quieted down, prices receding fractionally. Steel Common, after selling up to 103, dropped to 102 1/2, while Baldwin declined to 91 1/2 and Bethlehem Steel to 93 1/2. New Haven was up to 49 while Reading after selling at 90 dropped to 89. Marine Preferred sold up to 100 1/2 and then dropped one point. Mexican Petroleum, after selling up to 161 1/2, fell to 160 1/2.

The market turned weak in the afternoon, most of the leading issues dropping 1 to 2 points. Steel Common fell to 107, Baldwin to 90 1/2, while Crucible was 1 1/2 below the high at 92 1/2. Reading was 1 1/2 lower at 88 1/2, and Marine Preferred showed a loss of 1 1/2 from the high at 88 1/2.

The stock market closed irregularly today, government bonds unchanged; railway and other bonds steady.

## PEEKSKILL HAT COMPANY FINED

By Telegraph to The Freeman.

New York, July 19.—The Peekskill Hat Company, of Peekskill, N. Y., and the H. D. Parmelee Company of Newark, N. J., were fined \$7,500 each today by Federal Judge Mann for profiteering. They were convicted of supplying material for the manufacture of soldier hats inferior to that specified in their contracts. In connection with the same case two civilian employees of the army, Peter Duffy and Arthur Gilson, were sentenced to eighteen months at Atlanta for passing the inferior material.

### LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Grace, widow of William Codrington, died on Wednesday in this city, aged 37 years. She was a resident of Mombaccus. The interment was made today in Woodstock Cemetery.

Fairfax Hedges, a well-known and highly respected resident of the town of Plattekill, died at the home of his son about 8 o'clock Friday evening, July 5. He had not been in good health for several years, but with his usual fortitude made no complaint. Two days before his death his condition became decidedly worse, and the family knew the end was near. Diabetes was the cause of death. Mr. Hedges was born in Fairfax county, Virginia, November 7, 1842. When about five years of age, he with his widowed mother, brother and sisters, came north by wagon route and settled in what was then known as Rossville, now called Savitlon. On June 9, 1864, Mr. Hedges was united in marriage to Miss Marietta Griffin, daughter of Isaac Griffin of Rossville, and of this union there were eight children, six of whom are living, Emma (Mrs. Edwin Bush), Anna May (Mrs. Charles C. Decker), Carrie Blair (Mrs. William A. Harris), Nelson Griffin, Orson Smith and Grace P. (Mrs. Emory S. Robinson). The other two, William and Ida May, having died in infancy. Besides his children he is survived by eight grandchildren, as follows: Bertha Mae and Luella Grace Decker, Leroy G. and Oletha Hedges, Muriel Hedges, Lolita G. Harris and Marion and Ruth Robinson. In 1878 he moved with his family to Plattekill, where his wife died in 1899. His funeral services were held at the home of his son, Orson S., on Monday afternoon at two o'clock and was largely attended. Interment took place in the family plot in Walden.

### IS AWARDED \$2,500.

Louis Kline Lost An Eye From An Explosion of Caps.

Louis Kline, who brought an action under the Workmen's Compensation Act, to recover for the loss of an eye, was awarded \$2,500 Thursday by the State Industrial Commission. The hearing was at Newburgh. D. G. Atkins represented Kline.

Kline was a steam shovel runner on West Point Highway. He alleges that he was requested by the superintendent of the company he was working for to destroy a box of caps used in blasting. The caps exploded. The defense was that Kline was not doing work arising out of and in the course of his employment.

## LOAN TOTAL TO ALLIES INCREASES

By Telegraph to The Freeman.

Washington, July 19.—A loan of \$100,000,000 to Italy, bringing her total credits to \$760,000,000, and one of \$3,000,000 to Belgium, bringing her total to \$145,250,000, were announced by the treasury department this afternoon. The grand total to all the Allies is now \$6,380,040,000.

PRIVATE ROWLAND DUTCHER.

The following letter has been received by Mrs. G. A. Dutcher of Oneonta, from her son in France:

Somewhere in France,

June 11, 1918.

Dear Mother:—

At last I have reached the "Sunny France" we all have talked of.

We had a very pleasant trip. I was not very sick on board the steamer. The first day I felt a little sick and about three days out we had a little rough sea and of course that caused quite a number of the boys to be sick.

We have passed a number of beautiful places and our trip has been one that will be remembered by all who are in the army.

(The remainder of the letter was written on different kind of paper.)

This part is on different paper but I suppose you will accept it.

The fellow who came home with me from camp, is sick. He had the chicken-pox but is all right now.

Please tell all the people that I am O. K. and feeling fine and that I will write one letter to be read by all as the time and patience of our censor may be exhausted for he has a great many letters to look over each day and of course we want all our friends to hear from us in some way.

Hoping this finds you all and happy, I will close.

Your loving son,

ROWLAND.

My address is

PRIVATE ROWLAND DUTCHER.

LATINTOWN.

Latintown, July 18.—Raspberries picking will be over some time during this week.

Quite a number of girl helpers from the metropolis will return to the city this week. L. W. Craft's have gone.

John McGowan has been home for a two weeks' vacation.

Miss Nellie Odell is home on her annual school vacation.

Some of the boarders at the "Overlook House" have returned to the city.

Mrs. Captain Smith of Bay Ridge is visiting her daughter, Mrs. L. W. Craft.

Mrs. S. J. Owens of Butler, New Jersey, and daughter have been visiting their relatives here.

It is not now an unusual sight to see "Panting Girls" on the rural roads and in the fields nowadays.

Fruit growers are now gathering their currants, picked as fast as possible by hook and crook.

William Best of Plattkill is again delivering hay in this section.

In a short time a picnic in one of the home groves will be held for the Sunday school of this place.

Tuesday morning the community was shocked to hear of the sudden death of S. B. Wygant, a prominent fruit grower here and a elder in the Presbyterian Church at Marlborough.

Mr. Wygant was returning from the field to the barn when he fell from the wagon dead, which also passed over him. Heart disease was the cause. He leaves a wife and a young son. His parents, Mr. and Mrs. Augustus Wygant, died some years ago. Mr. Wygant was known in the town as a friendly and accommodating neighbor, an excellent citizen.

A salesman of Luckey Platt & Company of Poughkeepsie was in town Tuesday.

The house of James Weed was struck by lightning last week but only one of the chimneys was damaged.

#### RUBY.

Ruby, July 18.—Mrs. Kate Staerker and daughter, Fannie, and (Will) France and son, Howard, of Kingston and Mrs. Rossberg of New York and Harry and Jeannette Hingel of Saugerties were week end guests at the home of Miss Rose Stice.

Mr. and Mrs. Ed Benson and children and Mr. and Mrs. Ed Kearney and children and Frances Hart and Kathryn and Ruth Sparling have returned to their homes after spending some time in Ruby.

Mr. and Mrs. Charles R. Young and Miss Anna Young of Kingston spent the week end with Mr. and Mrs. William H. Cole at the Grand View House at Ruby.

Miss Mary Stauble of New York is spending some time with her brother and sister at Ruby.

The potato bugs are getting scarce but the mosquitoes are plentiful.

Mr. Mason took Mrs. Lyons and her brother-in-law, John Lyons, and Edna Keene and Mary Byrne for an auto ride around the reservoir Wednesday.

Miss Cornelia Van Aken and her mother of Kingston spent the week end with her mother, Mrs. Jacob Shaler, of Ruby.

Mrs. A. Van Hovenberg and daughter, Irene, and her mother-in-law, Mrs. Van Hovenberg, spent Wednesday with her mother, Mrs. Cunnions.

Mr. and Mrs. Jacquin and Mr. and Mrs. George Shank took an auto ride to Saugerties Sunday evening.

Lillian Osterhout and son, Gordon, of Kingston spent the past week with Miss Helen Titus of Ruby.

The four girls of Kingston spent the week end with Mr. and Mrs. Michael Staerker.

#### TRI-COUNTY FARMERS' DAY.

Social and Educational Gathering at Napanoch July 30.

Tuesday, July 30, has been set aside as farmers' day in Orange, Sullivan and Ulster counties. On this day thousands of farmers of these three counties will unite in a social and educational gathering at the farm of Chester Young, Napanoch, Ulster county. The hour set for assembling is 12 o'clock noon. Visitors may bring basket lunch or purchase lunch from the Red Cross booths, located on the grounds.

At 1:15 the meeting will be opened by band concert and community singing. At 1:30 visitors will be welcomed by Chester Young, president of the Ulster County Farm Bureau Association and host of the day. D. V. Farley, president of the Orange Farm Bureau and B. P. Craig, president of the Sullivan County Farm Bureau Association, will respond. An address will then be given by W. H. Jordan, president of the Federal Milk Commission and director of the Geneva Experiment Station.

Following the speaking, ten husky farmers from each of the three counties will compete in a tug at war. Each team will be allowed two pulls, the winner of the first two counties will compete with the third county.

At 2:30 a tractor demonstration will be opened by the New York State Food Commission. Fifteen tractors will be seen in operation.

Several farmerettes from the Women's Land Army Unit, located at Stone Ridge, will demonstrate that women are able to do farm work.

Women are especially urged to be present as the home demonstration agents of the three counties have planned to have a home economic tent on the grounds with demonstrations and exhibits of interest to housewives.

Excursions will be made to different parts of the farm to examine Mr. Young's crops and farm methods. A corn variety test and soy bean variety test will prove of interest to many. Mr. Young is a breeder of pure Holstein cattle and he has a dairy that is well worth traveling a good distance to see.

Mr. Young's farm is located on the Kingston-Elenville state road, about one mile west of Napanoch. Napanoch may be reached by automobile by the following routes:

1. Lower Walkkill Valley—Via Walkkill, Pine Bush, Walker Valley, Elenville.

2. Lower Hudson Valley—Via Highland, New Paltz, Rosendale, Stone Ridge.

3. Upper Hudson Valley and Kingston District—Via Kingston, Elenville, Stone Ridge.

Everybody is welcomed to this meeting, both farm bureau members and non-members. Plan to attend. Bring your wife and your neighbor and his wife.

## The KITCHEN CABINET

And see how everywhere  
Love, comfort, strengthens, helps  
and saves us all.  
What opportunities of good befall  
To make life sweet and full!

GOOD THINGS FOR EVERYBODY.

When you want a new combination try the following:

Holland Salad.—Mix half a pound of bologna sausage cut very thin with a pint of cold boiled potatoes, also thinly sliced, one medium sized onion finely shredded, six sardines freed from skin and bones; then cut in bits two hard cooked eggs sliced. Pour over three parts of oil and one of vinegar, a teaspoonful of horseradish, and a tablespoonful of tomato catsup; salt and red pepper to taste. Serve on lettuce.

Dainty Croquettes.—Mix a cupful of boiled calf's liver, finely chopped with a half cupful of bacon, also finely chopped and cooked crisp and brown; add salt and pepper, form into balls, dip in egg and crumbs and fry in hot fat.

Fish Souffle.—Force cooked fish of any kind through a sieve—there should be a quarter of a cupful. Cook a fourth of a cupful of bread crumbs with a third of a cupful of milk five minutes, add the fish and half a tablespoonful of butter, salt and paprika to taste. Beat the white of a small egg and add to the mixture. Turn into a buttered mold and bake in hot water until firm. Serve with a white or any desired sauce. This amount makes a small dish sufficient for two, it can be doubled for a larger family.

Marmalade Pudding.—Mix a cupful of barley flour with the same amount of stale bread crumbs and a cupful of suet chopped fine; add one beaten egg, a half-teaspoonful of salt, and a cupful of marmalade. Turn into a buttered bowl, tie up in a cloth and steam three hours. Serve with a hard sauce.

A thick slice of tomato covered with chopped onion and cucumber and served with French dressing is both a good and a pretty salad.

Hash may be made into balls or cakes, rolled in crumbs and browned making a most tasty dish with little work.

OLIVE BRIDGE.

Olive Bridge, July 18.—On the evening of Wednesday, July 24, an ice cream social will be held on the lawn of the M. E. parsonage at Olive Bridge. Proceeds for the benefit of the Red Cross. We trust that the people of our community will come out and help to make this a success.

We also invite our friends in other communities to join us in this social.

Miss Hazel Paries of Elizabeth, N. J., is spending some time at the home of J. V. Merrieth.

Rev. and Mrs. Thompson recently entertained at their home Mrs. Edwards of Malden, and Mrs. Alberti of New York.

## SUES FOR BEER FAUCET.

But Mr. Pessenar Claims It Would Not Work—Trial Adjourned.

This morning in city court before Judge Schirck the action brought by B. & F. Manufacturing Company against Joseph S. Pessenar, was adjourned to a later date and Mr. Pessenar filed his answer to the complaint. He was represented by Irving V. E. Barth of Brinier, Canfield & Brinier, while Newton H. Pessenar represented the B. & F. Company. The action is brought to recover \$124 for a simple beer faucet. Mr. Pessenar claims the faucet was not as ordered or represented but was inferior in quality and would not work properly in pumping beer.

PUBLIC HORSE SHEDS  
ARE ORDERED CLOSED

Health Board in Special Session Meet With Sheriff Smith, State Veterinarian --Eight Horses With Glanders Shot by Sheriff.

The board of health held a special meeting Thursday afternoon to take action in the threatened epidemic of glanders among the city horses, and after consulting with Sheriff Smith, the state veterinarian, it was decided to close all public horse sheds in the city until all danger had passed.

Sheriff Smith will keep in touch with the health board and act in conjunction with them, and if further steps are necessary to avoid an epidemic it will be taken at once.

Eight Horses Shot. Sheriff Smith informed the board that since the epidemic was first discovered he has shot eight horses. There are several horses about the city being tested to ascertain if they are affected with the dread disease.

Drinking Fountains Closed. All of the public drinking fountains about the city were turned off several days ago as announced in The Freeman at the time, and the health board Thursday decided to leave them shut off until all danger had passed. Glanders is a communicable disease and horses drinking from a fountain from which a horse affected with glanders had drunk would quickly be affected.

All horse owners are carrying pails with them when necessary to give their animals a drink of water, and while the closed fountains are working somewhat of a hardship it is much better than losing a horse.

## Why Sheds Are Closed.

Discussion about closing the public horse sheds brought forth the fact that a horse with glanders placed in a public shed would leave enough of the disease germs around for another horse to contract the disease.

This is the first time, in many years at least, when it has been necessary to take such drastic action as to close all public sheds and drinking fountains.

## Will Work Hardship.

The closing of the public sheds will work a hardship on those residing outside of Kingston who drive in to do their shopping during the week, but it will be a hardship willingly encountered when the reason for closing the sheds is known.

There are several public sheds about town which are used by farmers and their families who drive into Kingston early in the morning and tie their rig under the shed until they get their shopping completed.

## Should Be Careful.

All owners of horses should be careful to see to it that their horses are not exposed to the disease and to keep them away from strange horses. The disease is easily caught and proves fatal to horses. With the present high price that a horse commands in the market to lose a horse by the disease means quite an outlay of money to replace the animal.

## D. of L. Lawn Social.

The Daughters of Isabella will hold a lawn social and bazaar Thursday evening at the residence of the Misses Madden, 282 Albany avenue. Fancy articles, home made pies, cake, etc., will be for sale. Refreshments will also be for sale. The affair is being arranged for the maintenance of the charity fund. The following committee has been named: Chairman, Miss Jane Madden, Mrs. John Reynolds, Mrs. Walter Miller, Mrs. John Howley, Mrs. J. William Leary, Mrs. Charles Hannon, Miss Winifred Sullivan, Miss Catherine Humphrey, Miss Laura Albrecht, Miss Anna Thompson, Miss Madden requests a meeting of the committee at her residence Monday evening. All who have promised articles for sale will please bring them early Thursday evening.

REV. A. ROSENBERG  
CALLED TO NEWBURG

The Rev. Adolph Rosenberg, who for the past two years has been minister of the Temple Emanuel, Abell street, in this city, has been called to the pastorate of the Temple Beth-Jacob, Newburgh, and will assume the duties of that position September 1. Mr. Rosenberg is 35 years old, unmarried, and a graduate of the Rabbinical College of Cincinnati, O., a Reformed Jewish educational institution. Before coming to Kingston he served pastorates in the south and has been always active in all matters pertaining to the public welfare. He preached in the Temple Beth-Jacob, Newburgh, Friday evening, July 5. The call was extended to him at a meeting of the congregation a few days later and he recently sent a letter of acceptance. In the pastorate at Newburgh he succeeds the Rev. A. E. Dobrin, who came to the Temple Beth-Jacob from the West Indies about two and one-half years ago. Rabbi Dobrin, whose contract expires August 31, will locate in the west.

## ESOPUS.

Esopus, July 18.—Mrs. Sander-son and daughter of New York city were guests of Mrs. W. O'Reilly for a few days last week.

Mr. and Mrs. George Martin of Poughkeepsie, with their daughter, Marjorie, also their friends, Mr. and Mrs. Joseph Tebeau, of Ticonderoga visited Mr. and Mrs. Fred Martin on Monday of this week.

Percy Mott made another trip to Buffalo last week for a supply of Ford cars.

We are glad to learn that Mrs. Alvah Drake is rapidly recovering from her severe attack of erysipelas. Those who believe in the traditional idea that it does not rain in forty days, must have had their belief shaken yesterday, when the rain fell so copiously at different periods of the day. The "war" gardens are certainly happy over the fact that the real ruler of the weather is still merciful enough to send the rain drops to hasten the developments of vine and plant so carefully tended.

On Monday of last week Mrs. Charles C. Beaver had the misfortune to fall, striking her knee on a step. The injury was quite painful for a few days, but she is now able to get around with comparative ease.

Mrs. Emma Dickerson is visiting friends in Kingston.

Miss Ruth Dingman of Kingston, spent the week end at Cyrus Cudney's.

Mrs. Lincoln Smith's daughter and children of Schenectady, have been spending some time with her.

Miss Maude Palen and mother are visiting in Columbia county.

Mrs. Dunham, our former teacher, is in a sanitarium at Kingston, where she went through a serious operation recently. Her many friends hope for her speedy recovery.

Louisa Theil, who had her tonsils removed by Dr. O'Leary at Kingston Monday, is getting along nicely.

Mrs. Henry Elmendorf and Burr are spending some time at Schenectady.

Mrs. William Simmons of New York, has moved into Mrs. Lincoln Smith's rooms. Her husband, Captain Simmons, is in France, and is a son of Frank Simmons a native of this town but now of Texas.

T. S. Lennox and daughter, Frances, of Glenford, called on friends in this place Tuesday evening.

Mrs. Haulthausen's sister of New York is spending her vacation with her.

Mr. and Mrs. Fisher of Brooklyn are spending their vacation at the Warren House.

There will be services at the Old School Baptist Church at Ashokan, July 21st, at 10:30 a. m. and 2 p. m. Saturday night a meeting will be held at Lincoln's Smith's at 8 p. m.

At the business meeting in the O. S. Baptist Church in June it was decided to repair the church sheds this summer and any one who would like to help along please hand the money to Clarence Moe, Sr., treasurer of the church or send it to him at Ashokan, N. Y., Box 220.

### ST. REMY.

St. Remy, July 18.—The frequent showers are very beneficial to the gardens, while the farmers are hindered with their harvest.

Mr. and Mrs. G. Holcomb of Rondout called on George Cole, who is ill, on Sunday.

## UNDERNEATH THE CITY HALL DOME

The service flag presented to the city by the Rotary Club on the 4th of July at last is flying from the city hall mast. Janitor Dawe on Thursday received from the supply committee of the city rather the necessary clasps needed and immediately seen to it that the service flag was hung to the breeze.

Speaking of the service flag reminds every one that next Thursday the big parade and demonstration will have to be held an hour earlier than usual. The boys leave on a special train at 8:05 o'clock that morning instead of 9:05. This will mean that the parade will have to start at 7:30 instead of 8:30 o'clock.

Fire Commissioner Lahl, who has always handled the baggage of the boys, will secure an efficient corps of assistants as there will be at least 400 pieces of luggage to handle, which is more than one man could look after. More than one auto truck will also be needed. It is understood that Stock & Corda have offered the use of their two big auto trucks for the occasion.

Due to the timely action of Alderman Ralph Mann, who has always seen to it that the boys were supplied with fruit when they entrained, a number of patriotic residents and merchants of Kingston have volunteered to assist him Thursday in presenting the boys with fruit, smokes and candy.

It will be a big day for Kingston and Ulster county. Undoubtedly the parade will be of record breaking size, and everything will be done to give the boys, the largest contingent that has left town, the biggest and best send-off.

No new cases of measles were reported to the health board Thursday. Several days have passed since any new cases were reported, and it

Friends in this place were shocked to hear of the sudden death of Leroy Hornbeck, who was instantly killed by lightning last Friday evening at

his home in Accord. Heartfelt sympathy is extended to the bereaved ones.

Miss Lulu DeWitt spent Wednesday with her friend, Miss Minnie Brown.

The Rev. Mr. Heroy called on some of the neighbors Tuesday afternoon.

Evangelist McKay will hold meetings at the Mettacaheps school house four evenings this week beginning tonight.

Truly King of Birds

"Our national bird, the bald eagle, wild in its native haunts, is so large, so majestic, and flies with an evidence of so enormous strength, that one is impressed with the thought that here is the king of birds," writes T. Gilbert Pearson of the Audubon society. "On one occasion while eating my lunch in the shade of a little bush on a Southern prairie, I saw one carry off a lamb."

## Save Fuel Wisely

Saving fuel is working hand in hand with the Government these days. And one way to save wisely and well is to use SO-CO-NY—the quality gasoline. It means minimum consumption and maximum power.

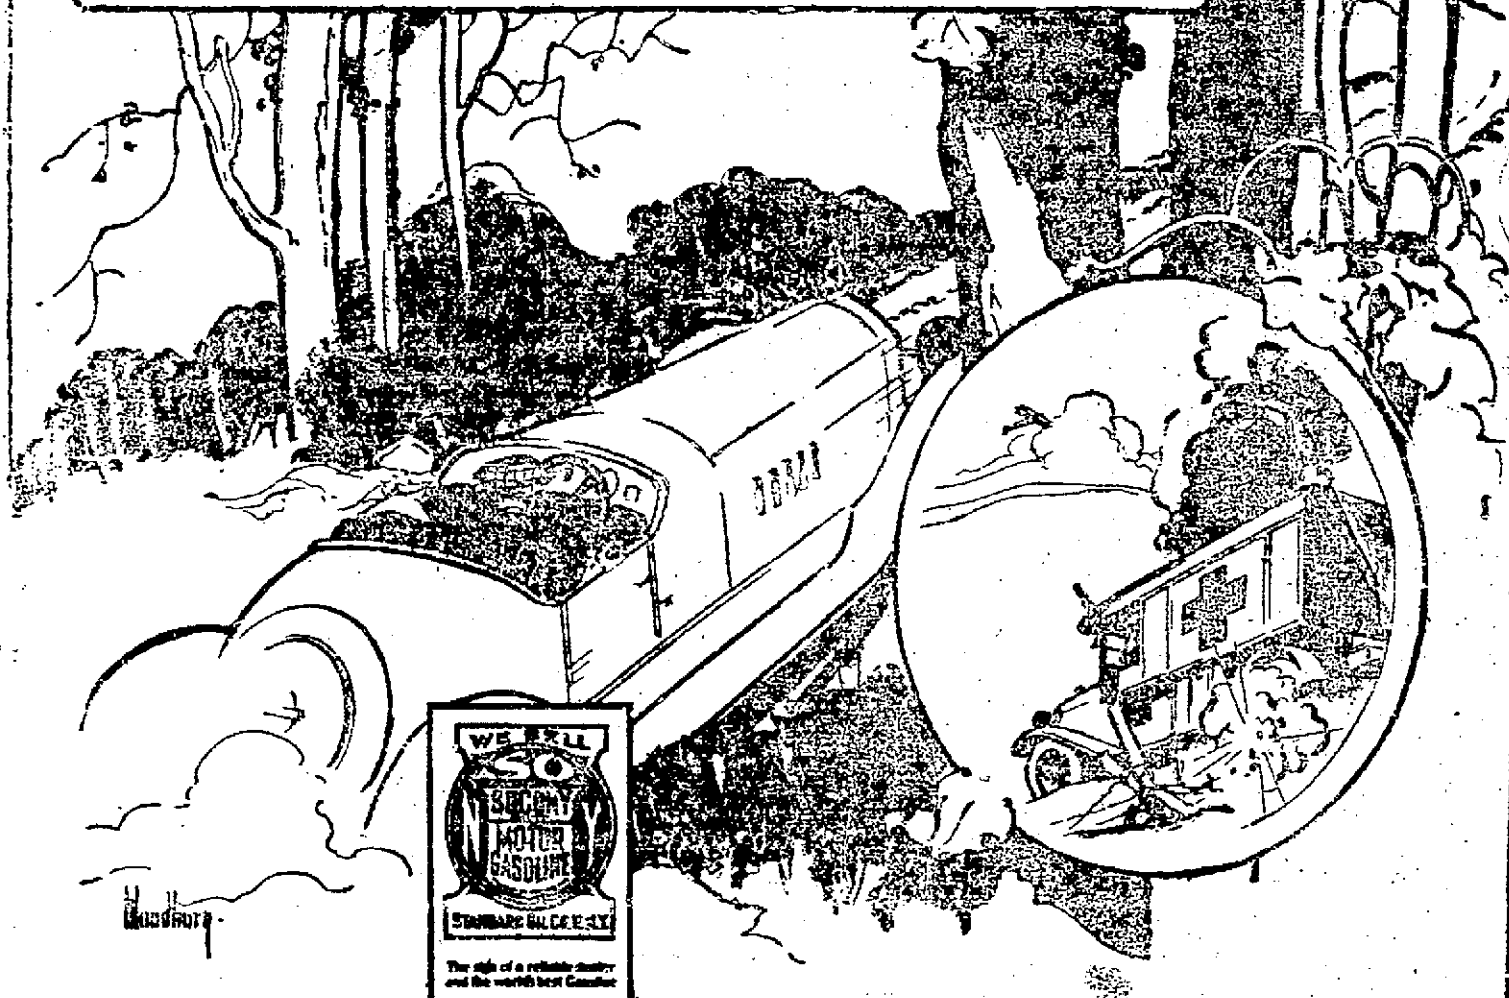

Inferior, low-grade mixtures mean waste in the form of increased consumption, lost power and excessive carbon deposits.

There's power in every drop of SO-CO-NY. It's clean, quick starting; reliable; obtainable everywhere.

Look for the Red, White and Blue SO-CO-NY Sign. It's the wise way to save fuel.

Fuel-saving Here Means Life-saving There

**GIVES HIS LIFE FOR HIS COUNTRY**

Elmer Lee of Pittsburgh, Pa., a Former Kingston Boy, is Reported Killed in Action—Mother's Home on Elmendorf Street.

Mrs. Lee of Pittsburgh, has received word from the war department that her husband, Elmer Lee, was killed in action in France between June 15 and 22. Mr. Lee was a former Kingston resident, and was the son of Mrs. Minnie Lee of 219 Elmendorf street. His father, Elmer Lee, died a few months ago.

Mr. Lee was a selective service man, leaving Kingston with one of the contingents last year. He was sent to Camp Dix, from there to Camp Greene, sailing "over there" in April. He belonged to Company C of the Seventh Infantry.

The last letter received from him by his mother was dated May 27th. Mr. Lee was an expert bookkeeper. Although he lived in Kingston for comparatively a short time he always thought of Kingston as his home.

Besides his wife and mother, a sister and two brothers survive, Edna, Vernon and Alton P., all of Kingston.

**S. D. L. CELEBRATION.**

Pleasing Program Rendered Following Installation.

Kingston Council 124, Sons and Daughters of Liberty, held their anniversary celebration at Cook's Hall last evening. At the regular session the installation of officers took place, the installing being performed by Mrs. Bertha Spinneweber, deputy state councilor, assisted by the following state officers of the order: Nettie E. Latham, state councilor; Lottie M. Pietz, Jr. Ex. St. councilor; Lottie McClure, state secretary; May Bocklin Bohn, state treasurer; Mrs. Sleede, national alternate; and Eunace Grant, deputy state councilor.

After the installation a pin was presented to Eunace Grant, the retiring councilor of the local council, the presentation being made by Mrs. Daisy Fulton, and suitably responded to by Mrs. Grant.

The session was then thrown open to the public and a very enjoyable literary and musical program rendered under the charge of Mrs. Daisy Fulton as follows:

Singing—America. By all present.  
 Prayer—The Rev. Mr. Haynes.  
 Singing—Keep the Home Fires Burning.  
 Recitation—Miss Eva Lang.  
 Singing—Fannie and Nettie Gage.  
 Singing—Catherine Fox, accompanied by Catherine Malbert.  
 Recitation—Henry Smith.  
 Singing—The Long, Long Trail.  
 Lullaby—Miss Mary Wherry.  
 Vocal duet—Maud Edwards and Daisy Fullerton.  
 Speaking—Frank Davis.

At the close of the above program the state officers and others gave short addresses and after the serving of refreshments under the direction of the entertainment committee all present returned home much pleased. The room was beautifully decorated with the national colors and the local council is to be congratulated at the success of the entertainment.

The local officers installed were as follows: Councilor, Wilhelmina Edwards; vice councilor, Daisy Fullerton; assistant councilor, Laura Fox; guide, Martha Longtree; inside guard, Carrie Mericle; outside guard, Anna Gage; trustees, Mrs. Parslow and Mrs. Fox.

REPUBLICAN CAUCUS.

**NOTICE IS HEREBY GIVEN THAT**

Republican caucuses will be held in and for each and every ward of the city of Kingston on Saturday evening, July 20th, at 8 o'clock, at the following places, to-wit:

First ward—Witwick Hose Engine House, Fair street.  
 Second ward—702 Broadway, Kingston, N. Y.  
 Third ward—City Hall.  
 Fourth ward—Myer's barber shop, Hasbrouck avenue.  
 Fifth ward—Cord's Hose House, Delaware avenue.  
 Sixth ward—Mill street Engine House, Mill street.  
 Seventh ward—Cornell Hose House, Abell street.  
 Eighth ward—Rapid Hose House, Hone street.  
 Ninth ward—Miller's Garage, 17 Brewster street.  
 Tenth ward—Elmendorf's shop, 72 Clinton avenue.  
 Eleventh ward—Dibbell's Blacksmith Shop, corner Franklin and Pine streets.  
 Twelfth ward—Excelsior Hose House, 14 Hurley avenue.  
 Thirteenth ward—Twaalfskill Hose House, 3 Dunn street.

The purpose of the said caucuses will be to choose three (3) delegates from each ward to attend the Republican County Convention, to be held at the court house on Thursday, the 25th day of July, 1918, at 12 o'clock noon, which convention will recommend candidates for nomination.

All persons, both men and women, are entitled to vote at these caucuses who believe in the principles of the Republican party and endorse its policies and who are not enrolled with any other party.

The polls will be open for voting thereat for one hour.

Dated July 17th, 1918.

PHILIP ELTING, Chairman.

JOHN W. ECKERT, Secretary.

**ROOSEVELT WON'T DISCUSS POLITICS**

By Telegraph to The Freeman.  
 New York, July 19.—"It's all a pipe dream."

This statement was made by Colonel Theodore Roosevelt today at the Langdon Hotel in answer to a report that he was to give out a statement today on the New York political situation. The colonel said that following his strenuous day at Saratoga yesterday he has dismissed politics from his mind and that he had no political conference scheduled.

As for the "round robin" drawn up by many Republican leaders asking him to take the gubernatorial nomination and the leadership of the party, Col. Roosevelt declined to discuss it, and even went so far as to say he was not interested.

Col. Roosevelt stated he had received no information from France regarding the fate of his son, Lieut. Quentin Roosevelt. The last word received was the cablegram from Richard Derby, the colonel's son-in-law, in Paris, stating that one of Quentin's comrades believed the young aviator had landed safely inside the German lines and probably is a prisoner.

**NEW STANZA.**

Composed For National Anthem By Rev. Dr. Strong.

In closing his sermon last evening at the union service held in the First Presbyterian Church, at Plunkfield, New Jersey, Dr. Philip B. Strong, formerly of the Albany Avenue Baptist Church, Kingston, N. Y., whose discourse after paying high honor to France as the day, was devoted to a historical, poetic and religious study of our national anthem, recited the last stanza of the anthem following it with one of his own composition, not as an addition to Key's immortal song, but as an expression of his personal devotion to the flag and as prophesy of its still greater glory among all nations when it shall hereafter be raised in grateful tribute over a ransom world. So many have asked for a copy of this verse that Dr. Strong is giving it to the public for such use as any may care to make of it. The stanza follows:

And when earth is redeemed from the menace of "might,"

The forces of "frightfulness" shattered forever,

When God has established his kingdom of "right,"

Secure through a brotherhood nothing can sever—

Then honored by those who oppression oppose

Shall our ensign exalted new glories disclose.

And the "Star Spangled Banner" in tribute shall wave

O'er the land of the free and the homes of the brave!

**HE WILL ENLIST.**

So Hearing in Assault Case is Held Open—Other Matters.

John Leonard was arrested Thursday by Sergeant Phinney on a warrant sworn out by John's wife of No. 114 1/2 North street, charging John with assaulting her. This morning the hearing was adjourned until July 25. John will appear before the local exemption board tomorrow for examination. If he is accepted for service it is likely the assault charge will be withdrawn.

Earl Finch, a taxi driver for the Ashokan Garage, was arrested Thursday night by Officer Fout on a charge of driving his car with one light in front and no tail light. The hearing was held open until Saturday.

Slow Returns From Women's Clubs.

At the time of the last meeting of the Federation of Women's Clubs held this past May, the various clubs were asked, by the Women's Branch of the Home Defense of Ulster County, to send in before the middle of July, reports of the war work done by each of them during the past year, in order that there might be kept in one place, an official record of what the women of Kingston are doing in the way of war work. Such information was also shown to have an historic value. To date only one club has complied with the request and that was the Lowell Club, which made a fine showing. A little later there will be reports published of what our women have been doing and the Women's Branch of the Home Defense hopes during the next three week days to hear from the other women's clubs in the city.

**PALENTOWN.**

Palentown, July 18.—The Misses Grace and Carrie Lennon of Accord are visiting relatives in this place.

## OFFICIALS SILENT AS TO RUSSIA

By Telegraph to The Freeman.

Washington, July 19.—Officials remained silent today on the reports from Tokio that a joint agreement for action in Siberia had been reported between the United States, Japan, Great Britain and France. It was explained that whatever was developing in the Russian situation must remain secret for the present at least. However, it also was pointed out that the Tokio advices were simply confirmatory of reports made public here two weeks ago that the United States and the allies would extend real economic assistance to Russia and would offer military protection to the personnel through which this economic assistance was forthcoming.

Guests at The Stuyvesant and pedestrians on John and Fair streets,

were highly entertained last evening by two small girls, Barbara Drossel, aged 10, and Theresa Krause, aged 9, who sang and gave recitations at the Kingston Opera House corner. The "Kiddies" showed much talent, their voices being excellent and their declamations were given with considerable expression. They came from Saugerties with their teacher, Miss Mary C. Burk of The Bronx, where they reside. Windsor Doyle, Sr., the truckman, who for years has been a great friend of children, giving them outings during the summer and presenting at Christmas new pennies to small girls and boys of Saugerties, is caring for the "Kiddies" and Miss Burk at a hotel, and brought the three to this city in his automobile. The girls sold War Savings Stamps, while in this city realizing over \$200 Thursday. They have been selling War Savings Stamps and Red Cross Cards at Saugerties and in that village received over \$300.

Drafted Men to Dance.  
A benefit dance will be held for the 227 drafted men of Kingston on Monday evening in Mannerhall Hall. The committee in charge are A. Maines, C. Dauner, W. Scully and J. Hauck.

## 324,000 YANKS ON FRONT LINE

American Chief of Staff Gives Out Information As to Scope of Our Activities in France--The Big Offensive Not Yet Started.

By Telegram to The Freeman. Washington, July 19.—There are twelve divisions of American troops—approximately 324,000 fighting men—at different points along the battle front in France.

During the last three or four days parts of eight divisions have been engaged in that great battle now in progress. The New England divisions, made up of seasoned Guardsmen from the New England states, and the Rainbow Division, in which some forty states and the District of Columbia, are represented, are completely engaged.

This was the information which General Peyton C. March, chief of staff of the army, gave to the house committee on military affairs today. He declared that the situation was "eminently satisfactory" although the official dispatches which have been received are very fragmentary. For the first time in the war American manufactured 75 mm. guns are being used by the American troops. The Americans, he stated, have been firing on an average of 23,000 shells daily.

To date there have been furnished to the army 733 aeroplanes of which 455 already have been shipped to Europe. There also have been delivered to the army 537 liberty motors, which have been shipped abroad.

The movement of troops continues over as at the rate of 90,000 weekly. The transport system has been speeded up, the general said, so that the transports now are making an average of a round trip every thirty days.

General March told the committee that the present operation of the Allies was of a major character and he expressed the opinion, that in enough reinforcements could be had, it would be possible for the Allied commanders to make an encircling movement which would result in the capture of thousands of Germans. The general, however, in the absence of exact information, was not inclined to believe that there were sufficient forces available for this work. The character of the terrain over which the present advance is being made is unusually favorable for the Americans, General March told the committee. He explained that the hills in that vicinity run about east and west while the advancing Americans are progressing through valleys which extend east and west at the same time holding the crests of the hills.

In the opinion of General March the present counter offensive of the Americans and French probably will come to an end when the Germans reach their prepared trenches. So long as the Americans and the French are able to push them back, in the opinion of General March, they will retain the offensive. However, when the Germans get back into their trenches which it is known have been prepared for them, then it will be necessary for the cavalry and infantry to halt while the artillery is being brought up to blast them out and destroy the trenches.

General March emphasized to the committee the fact that the German attack this time had been in every way robbed of the surprise character which made earlier movements a success. On a substantial proof of this was the fact that the American divisions had been brought into position to meet the oncoming German hordes.

Up to the present no division of the drafted men have been engaged. There are many drafted men in the regular army divisions and the National Guard which are in action, they having been drawn from the depot battalions to bring these units up to war strength. But the select divisions still are being held behind the lines.

General March told the committee that the present offensive was not the big offensive which has been planned by the Americans and which was designed to drive the Germans out of France and Belgium. This may take place this year or may be deferred until next spring. That is a military question which will be decided on its merits when the time comes. However, the present drive was designed to relieve Paris of a serious danger of capture. The Germans has planned to take Paris this year. By counter attacking as they have, the Americans and the French have driven back the Germans and will rob them of all the advantages which they had secured in their earlier fighting.

## REV. P. N. CHASE WAS A DELEGATE

He Attended the State Convention of the Prohibition Party Held at Utica July 16 and 17—The State Ticket.

The Prohibitionists of the state held their convention at conference at Utica on July 16 and 17, and the Rev. P. N. Chase of Kingston, the well known Prohibitionist worker and secretary of the party, was elected delegate to the national convention.

Dr. Chase was one of a Freeman man, have some interesting facts to tell about the party. He said the party had a little over 10,000 members in the state, and that he had meant from 100,000 to 150,000 in November.

The national convention is being held at Chicago, and at various times during the convention, the Prohibitionists will be in the city.

Mr. Mammie Colvin, wife of Dr. Chase, who is a Ph.D. of New York University, and a well known lecturer of the state W. C. T. U., was elected temporary chairman, which was an unexpected honor.

At the afternoon session Dr. Chase made the opening prayer, and Mr. Colvin gave the keynote address, which was a very good one. He said that the party had a little over 10,000 members in the state, and that he had meant from 100,000 to 150,000 in November.

The struggle began with the first meeting of the committee that night, and continued through other meetings of the committee, and on the day of the convention next day, the struggle was very close.

At the first vote in the committee, there were but three votes for Whitman, while some additions were secured, there was not a single vote for anything but straight Prohibitionists on the ticket.

Even in the election of the committee on finance, there was no long delay for the possible nomination of any but a non-prohibitionist.

This committee consisted of the Rev. Dr. Chase, Claude A. Duval of Solvay, and James F. Gillespie of New York city.

The convention before adjourning, adopted the following ticket: For governor, Olin S. Bishop of Utica, for lieutenant governor, Mrs. Mammie Colvin of New York, for secretary of state, Mrs. Frank E. Merson of Keuka Park; for comptroller, William E. Noone of Queens county, for state treasurer, George D. Humphrey of Malone; for attorney general, Clarence Z. Sprague of Syracuse; for state engineer and surveyor, David H. B. Passage of Schenectady.

The Daughters of Isabella have appointed Miss Anna Thompson press committee. All members are requested to bear this in mind.

Mrs. Hayes's class will meet tonight at 7 o'clock at Red Cross headquarters and any lady having a spare hour will be welcome.

## FINANCIAL AND COMMERCIAL

By Telegram to The Freeman. New York, July 19.—Prices at the opening of the stock market today showed signs of only fractions, but in the following minutes greater gains were scored. Clear Stores rose 1/4 to 10 1/4, Texas Oil 1/4 to 15 1/4, and Union Pacific 1/4 to 10 1/4.

The market turned weak in the afternoon, most of the leading issues dropping 1 to 2 points. Steel Common fell to 197, Baldwin to 190, while Crucible was 1 1/2 below the high at 65 1/2. Reading was 1 1/2 lower at 35 1/2 and Marine Preferred showed a loss of 1 1/2 from the high at 93 1/2.

The stock market closed irregular today, government bonds unchanged, railway and other bonds steady.

## PEEKSKILL HAT COMPANY FINED

By Telegram to The Freeman.

New York, July 19.—The Peekskill Hat Company, of Peekskill, N. Y., and the H. D. Parmelee Company of Newark, N. J., were fined \$7,500 each today by Federal Judge Mann for profiting. They were convicted of supplying material for the manufacture of soldier hats inferior to that specified in their contracts.

In connection with the same case two civilian employees of the army, Peter Duffy and Arthur Gilson, were sentenced to eighteen months at Atlanta for passing the inferior material.

## LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Grace, widow of William Codrington, died on Wednesday in this city, aged 71 years. She was a resident of Mombaccus. The interment was made today in Woodstock Cemetery.

Fairfax Hedges, a well-known and highly respected resident of the town of Plattekill, died at the home of his son about 5 o'clock Friday evening, July 5. He had not been in good health for several years, but with his usual fortitude made no complaint. Two days before his death his condition became decidedly worse, and the family knew the end was near. Diabetes was the cause of death. Mr. Hedges was born in Fairfax county, Virginia, November 7, 1842. When about five years of age, he with his widowed mother, brother and sisters, came north by wagon route and settled in what was then known as Rossville, now called Savitron. On June 9, 1864, Mr. Hedges was united in marriage to Miss Marietta Griffin, daughter of Isaac Griffin of Rossville, and of this union there were eight children, six of whom are living. Emma (Mrs. Edwin Bush), Anna May (Mrs. Charles Decker), Carrie Blair (Mrs. William A. Harris), Nelson Griffin, Orson Smith and Grace P. (Mrs. Emory S. Robinson), the other two, William and Ida May, having died in infancy. Besides his children he is survived by eight grandchildren, as follows: Bertha Mae and Luella Grace Decker, Leroy G. and Oletha Hedges, Muriel Hedges, Lolita G. Harris and Marion and Ruth Robinson. In 1875 he moved, with his family, to Plattekill, where his wife died in 1889. His funeral services were held at the home of his son, Orson S., on Monday afternoon at two o'clock and was largely attended. Interment took place in the family plot in Walden.

## IS AWARDED \$2,560.

Louis Kline Lost An Eye From An Explosion of Caps.

Louis Kline, who brought a \$4,000 under the Workmen's Compensation Act, to recover for the loss of an eye, was awarded \$2,560 Thursday by the State Industrial Commission. The hearing was at Newburgh. D. G. Atkins represented Kline.

Kline was a steam shovel runner on West Point Highway. He alleges that he was requested by the superintendent of the company he was working for to throw a box of caps used in blasting. The caps exploded. The defense was that Kline was not doing work arising out of and in the course of his employment.

## LOAN TOTAL TO ALLIES INCREASES

OUR OFFENSIVE  
TIMED TO NICETY

By Telegraph to The Freeman.

With the American Army at the Marne, July 18.—(Night)—High American officers praise the wonderful French staff work in conserving and organizing and timing the counter offensive. It was developed when the enemy's reserves were at the lowest ebb, owing to the great losses sustained in the latest drive, and when the German morale was low, owing to the failure of the Germans to make any appreciable progress, and furthermore, when the Germans were busy regrouping to strike anew.

The Germans did not possess their usual supply of reserve gas shells as they had expended their ammunition in preparation for Monday's attack. American units put into action for assaulting purposes "leapfrogged" the French divisions holding certain sectors and, moving ahead in storming columns, reached the objectives set for them.

Then new assault waves came up "leapfrogging" the preceding columns.

The Americans held together wonderfully, preserving all their units, say French officers who were present. This indicates the speed of the advance and the completeness of the organization.

The International News Service correspondent was taken in an automobile, down the stretch of what was formerly "no man's land" paralleling the front line.

Down near Vierrier I saw one of the few sights afforded by this war—cavalry proceeding forward, debouching through the open fields from a semi-sunken road and spreading out in fan-like formation. Then the horsemen thundered forward, flanking and surrounding a thick wood in which a few Germans were holding out.

The Germans who attempted to resist were sabred.

TUMULTUOUS SCENE  
AT G.O.P. CONVENTION

Women in Demonstration Against Wadsworth — Platform Adopted. Avoids Prohibition and State Conventions.

By Telegraph to The Freeman.

Saratoga Springs, N. Y., July 19.—

With a wild demonstration from women, who demanded the resignation from the United States Senate of James W. Wadsworth, Jr., of New York, or his support of the federal

suffrage amendment, the Republican state convention came to an abrupt and unexpected close this afternoon.

The convention adopted, without debate, a platform devoid of any mention of prohibition or a return to the state convention system of nominations—two supposedly big bones of contention among the delegates.

The platform is primarily a declaration of loyalty of the Republican party to the United States government.

Governor Charles S. Whitman, candidate for a third term, and Theodore Roosevelt, former president, as a gubernatorial possibility, were accorded demonstrations of equal warmth.

Just prior to adjournment women in the gallery hanged a big banner inscribed "Senator Wadsworth obstructs the freedom of women. We demand his support of the national

suffrage amendment or his resignation from the senate."

This precipitated a demand that the banner be taken down and Chairman Fassett ordered the sergeant at arms to remove it. With Senator

Henry M. Sage of Albany, the sergeant at arms rushed to take the banner away. The women fought. The hall was in wildest confusion when the banner was finally torn down.

SUGGEST WOOD FOR SIBERIAN COMMAND

By Telegraph to The Freeman.

Tokio, July 19.—Influential Americans in Japan suggest that General Leonard Wood may possibly be the best man suited to lead a joint expeditionary force into Siberia for the

preservation of order, according to a report current here. It is pointed out that General Wood being one of America's greatest strategists, would at the same time be able to handle

the diplomatic advisory council, after long debate, has accepted the American proposal for the dispatch of a joint military force to Russia and points out that all political factions are now unified on a Siberian policy.

Gets War Cross From Pershing.

By Telegraph to The Freeman.

Violin Resin.

For violin resin, boil down Venice turpentine with a little water until a drop cooled on a piece of glass is of proper consistency. During the boiling cold water must be added from time to time. When sufficiently thick pour into cold water; knead well, and when cold break into pieces. Expose to sun until dry and transparent. Select the best clear brown resin, melt it in a clean basin, to nearly a boil, which will clear it of turpentine or other volatile oils. Pour in paper

CANTONMENTS WILL  
USE MANY BASEBALLS

If anyone doubts that baseball is the American national game, the doubter should take a look at the plans made by the commissions on training camp activities of the army and navy departments. Every one of the million and a half men under training in this country will indulge in baseball practice at one time or another during the present season.

It is estimated that approximately 50,000 balls will be used up "officially" in the camp games in the course of the season. This figure is arrived at by estimating that there are over 400 companies in training in the various camps, and multiplying this number by 12, which is the number of baseballs the training camp commission is planning to furnish each unit, in addition to gloves and bats.

Many more of course will be supplied the men themselves, and these will bring the number nearer 70,000. It is believed.

NO TEN-SECOND MEN FOUND IN BASEBALL

New York Players Can Run Fast From Home Plate to First.

Jim Thorpe Doubts if Any Man Can Cover Century in Less Than Eleven Seconds While Wearing His Playing Uniform.

There is no such thing as a ten-second man in either football or baseball. Take the word of Jim Thorpe, "the greatest all-around athlete America has produced." James should know.

Thorpe says he'll lay a bet that there is not a man in the major leagues who can run 100 yards in a baseball uniform in less than 11 seconds.

"There are men on the New York club who can go from the plate to first at a rate of speed averaging less than 11 seconds, but they could not keep it up for 100 yards. Peritt, the pitcher, has a record of ten flat on the cinder path, but he could not do the distance in 11 in his baseball clothes."

"One hundred in 11 seconds is fast traveling. It takes training to do that. When I was at my fastest and in the best of shape I could never beat 10:01 running in flimsy track suit and running shoes."

"Same goes for football, even more so, as football togs weigh more than baseball suits. Mount Pleasant, the famous Carlisle quarterback, used to run away from me in the 100-yard dash, although I could leave him behind in the 220, but in football uniform I would beat him any distance, any time. The weight of his uniform slowed Mount Pleasant up at least one second in 100 yards."

TINKER REMAINS HIGH CHIEF

Former Cub Player Still President of Columbus Team—Mordecai Brown Is Manager.

An impression that may have obtained from the wording of a dispatch stating Mordecai Brown had succeeded Joe Tinker as manager of the Columbus team, is erroneous. Tinker still is president of the club, but he considered that it would be better for him to devote all his time to the duties of president, so Brown was put in charge of the team on the road. So successful was he that Tinker decided to leave him in charge.

## SUES FOR BEER FAUCET.

But Mr. Pessner Claims It Would Not Work—Trial Adjourned.

This morning in city court before Judge Schrick the action brought by B. & F. Manufacturing Company against Joseph S. Pessner, was adjourned to a later date and Mr. Pessner filed his answer to the complaint. He was represented by Irving V. E. Barth of Binghamton, Canfield A. Brinner, while Newton H. Pessner, den represented the B. & F. Company. The action is brought to recover \$120 for a simple beer faucet. Mr. Pessner claims the faucet was not as ordered or represented but was inferior in quality and would not work properly in pumping beer.

PUBLIC HORSE SHEDS  
ARE ORDERED CLOSED

Health Board in Special Session Meet With Sheriff Smith, State Veterinarian --Eight Horses With Glanders Shot by Sheriff.

The board of health held a special meeting Thursday afternoon to take action in the threatened epidemic of glanders among the city horses, and after consulting with Sheriff Smith, the state veterinarian, it was decided to close all public horse sheds in the city until all danger had passed.

Sheriff Smith will keep in touch with the health board and get in conjunction with them, and it further steps are necessary to avoid an epidemic it will be taken at once.

Eight Horses Shot. Sheriff Smith informed the board that since the epidemic was first discovered he has shot eight horses. There are several horses about the city being tested to ascertain if they are infected with the dread disease.

Drinking Fountains Closed. All of the public drinking fountains about the city were turned off several days ago as announced in The Freeman at the time, and the health board Thursday decided to leave them shut off until all danger had passed. Glanders is a contagious disease and horses drinking from a fountain from which a horse affected with glanders had drunk would quickly be affected.

All horse owners are carrying pads with them when necessary to give their animals a drink of water, and while the closed fountains are working somewhat of a hardship it is much better than losing a horse.

## Why Sheds Are Closed.

Discussion about closing the public horse sheds brought forth the fact that a horse with glanders placed in a public shed would leave enough of the disease germs around for another horse to contract the disease.

This is the first time, in many years at least, when it has been necessary to take such drastic action as to close all public sheds and drinking fountains.

## Will Work Hardship.

The closing of the public sheds will work a hardship on those residing outside of Kingston who drive in to do their shopping during the week, but it will be a hardship willingly encountered when the reason for closing the sheds is known.

There are several public sheds about town which are used by farmers and their families who drive into Kingston early in the morning and tie their rigs under the shed until they get their shopping completed.

Should Be Careful. All owners of horses should be careful to see to it that their horses are not exposed to the disease and to keep them away from strange horses. The disease is easily caught and proves fatal to horses. With the present high price that a horse commands in the market to lose a horse by the disease means quite an outlay of money to replace the animal.

## D. of L. Lawn Social.

The Daughters of Isabella will hold a lawn social and bazaar Thursday evening, at the residence of the Misses Madden, 282 Albany avenue. Fancy articles, home made pies, cake, etc., will be for sale. Refreshments will also be for sale. The affair is being arranged for the maintenance of the charity fund. The following committee has been named: Chairman, Miss Jane Madden. Mrs. John Reynolds, Mrs. Walter Miller, Mrs. John Crowley, Mrs. J. William Henry, Mrs. Charles Hing, Mrs. P. H. Cullen, Mrs. Nellie Hannon, Miss Winifred Sullivan, Miss Catherine Humphrey, Miss Laura Albrecht, Miss Anna Thompson. Miss Madden requests a meeting of the committee at her residence Monday evening. All who have promised articles for sale will please bring them early Thursday evening.

REV. A. ROSENBERG  
CALLED TO NEWBURG

The Rev. Adolph Rosenberg, who for the past two years has been minister of the Temple Emanuel, Abeel street, in this city, has been called to the pastorate of the Temple Beth-Jacob, Newburgh, and will assume the duties of that position September 1. Mr. Rosenberg is 35 years old, unmarried, and a graduate of the Rabbinical College of Cincinnati, O., a Reformed Jewish educational institution. Before coming to Kingston he served pastorates in the south and has been always active in all matters pertaining to the public welfare. He preached in the Temple Beth-Jacob, Newburgh, Friday evening, July 5. The call was extended to him at a meeting of the congregation a few days later and he recently sent a letter of acceptance. In the pastorate at Newburgh he succeeds the Rev. A. E. Dobrin, who came to the Temple Beth-Jacob from the West Indies about two and one-half years ago. Rabbi Dobrin, whose contract expires August 31, will locate in the west.

## ESOPUS.

Esopus, July 18.—Mrs. Sander-son and daughter of New York city were guests of Mrs. W. O'Reilly for a few days last week.

Mr. and Mrs. George Martin of Poughkeepsie, with their daughter, Marjorie, also their friends, Mr. and Mrs. Joseph Tebeau, of Ticonderoga visited Mr. and Mrs. Fred Marun on Monday of this week.

Percy Mott made another trip to Buffalo last week for a supply of Ford cars.

We are glad to learn that Mrs. Alvah Drake is rapidly recovering from her severe attack of erysipelas. Those who believe in the traditional idea that it does not rain on St. Swin's day it will not rain in forty days, must have had their belief shaken yesterday, when the rain fell so copiously at different periods of the day. The "war" cardens are certainly happy over the fact that the "real ruler of the weather" is still merciful enough to send the rain drops to hasten the developments of vine and plant so carefully tended.

On Monday of last week Mrs. Charles C. Beaver had the misfortune to fall, striking her knee on a step. The injury was quite painful for a few days, but she is now able to get around with comparative ease.

Mrs. Emma Dickerson is visiting friends in Kingston.
